**INTRODUCTION**

**Everybody** is **entitled** to their **perspective** and has the right to **disagree** with anything stated in this document. However, I **urge you** to read the document from **A to Z** with an **open mind** before making any **decision**. I have laid out **useful insights** and raised **pertinent questions** in order to appeal to your **intellect** and instigate enough **curiosity** so that you can also **start researching yourself** what is **truly going on**.

Some of the pertinent **question**:

- **Does** the **virus exist** and if it does, **where** does it come from?
- **Why** do so many **positive patients** suffer from minor or **no symptoms**?
- **What test** do they use?
- **How** do they **report** a **death** or a **case**?
- **Why** was **Italy** hit so badly?
- **Will** things ever go **back to normal**?
- **Are** there any **links** between **5G** and the **virus**?
- **What** is this crisis **accomplishing**?
- **Who** is **benefiting** from it?
- **What** are they **hiding** from us?
- **What** can we **do**?

In a matter of weeks, the world has changed **drastically** with nearly **4 billion** people locked inside due to **fear of a virus** and **acquiescence to authorities** while their **fundamental rights and freedom** are being **taken away**. This is a **complex matter** at hand; there are many **factors** at play which are **all interconnected**.

There are **many layers** and you can always go **deeper**. There are certain **unknown forces** who are **manipulating** our society for their **own agenda**. This does not mean that all **politicians** are consciously part of these forces; a majority of them are **puppets** or completely **clueless** to the **bigger picture** and **underlying agenda**. This is due to **compartmentalisation** ~ the division of something into sections or categories, in which one level of the hierarchy **only knows what it needs to know** in order to carry out its operating function and nothing more.

The **last thing I want** is to make **you feel hopeless and afraid**. There is a **potential positive outcome** in every situation, something **can always be done**. But first, you **must** understand what is **at stake**, **shed all fears**, become **psychically prepared** and **help others**. We cannot be held **prisoners** in our own home and do absolutely nothing. This **knowledge** will **expand your awareness** and **empower you**.

It is **imperative** for you to **thoroughly read** this **document** from **start to finish** before **making your own mind**.

## HOW COVID-19 CAME TO BE

**The first case** was supposedly reported on the **17th November 2019** in **Wuhan, China**. The authorities claimed that the virus broke out due to the **non-sanitary** conditions in **Wuhan's seafood markets** and potentially due to the **consumption of bats**. Some believe it was **bioengineered**, others believe **it does not exist**.

Apparently, based on the **RT-PCR** results, the **alleged new virus** started to spread exponentially as cases were reported in various countries, mainly in **Italy, South Korea** and **Iran**. **Italy** being the **centre** of the **alleged pandemic** in **Europe** created mass amounts of **fear** and **panic** due to the ways it was portrayed in the **mainstream media**, the **lockdown**, the amount of **cases** and **deaths** etc which all monumentally amplified the **gravity** of the situation and **mass hysteria**. **Why Italy?** I will come to that a little bit later.

A **lockdown** was imposed more or less **synchronously** all over the world in a majority of countries. People reacted with the **R-complex (Reptilian)** part of their **brain** as their survival instincts kicked in; and willingly accepted the **lockdown** without **critically thinking** of the far reaching **consequences**.

**Dr. Andrew Kaufman**, a licensed and board certified in psychiatry, Bachelors in science of Biology (MIT), Doctor of Medicine and former medical instructor of Haematology and oncology investigated the scientific research papers available in the medical community to get to the bottom of the outbreak. Here are **Dr. Andrew Kaufman's** findings:

**The first** group of scientist in **Wuhan**, claiming to have found a new virus first quoted 'The disease was **determined as a pneumonia induced viral** by clinicians according to **clinical symptoms** and other criteria including temperature rising, lymphocytes and white blood cells decreasing, new pulmonary infiltrates on chest radiography, and no obvious improvements upon three days of antibiotic treatment. It appears that most of the early cases had contact with the **seafood market**.'

They **concluded** that the above symptoms arose from a **new virus solely based on these observations**. To further **prove this conclusion**, they took **7 out of 200** of the **initial patients** and injected a fluid into their lungs which was mixed around and collected any chemicals or cells etc before sucking the fluid back up ~ **bronchoalveolar lavage**. Using the lung fluid which they **did not purify in order to isolate the new virus**, instead they separated a sort of **genetic material** and found some **RNA**. *RNA is a nucleic acid present in all living cells. Its principal role is to act as a messenger carrying instructions from DNA for controlling the synthesis of proteins, although in some viruses RNA rather than DNA carries the genetic information.*

It is to be noted that **at any given time**, there is **free genetic material circulating** around our **blood** and **body fluids** which is also **found** in **bacteria** such as the ones **in our lungs** and other **various types of structures**.

The **Chinese** scientific researchers **determined the sequence** (code) of this **genetic material** found in the lung fluid and developed a **RT-PCR Test to test** for the **presence of this genetic material**. The **RT-PCR Test** should **not be used for diagnosing infectious disease**, the reasons for which become clear in the later section.

**Please Note:** They **didn't isolate the virus** or the **source causing this genetic material**. They **literally assumed** that **this genetic material** that they found was **allegedly** caused by a **new virus** which they named **Sars-Cov2**.

**Koch's Postulates** are the **Gold standard for determining** if an **infectious agent** was indeed **causing the disease** that is claimed it does.

#### **Koch's Postulates:**

- 1) The **microorganism** must be **found in** abundance in all **organisms suffering** from the disease but should **not** be found **in healthy organisms** (Everyone with the disease should have the same symptoms).
- 2) **Purification ~ Microorganisms must be isolated** from disease organisms and grown in a pure culture (Isolate what you say is causing disease from all other genetic material so **you only have** what you say is **causing the disease**).
- 3) The **cultured microorganism** should **cause disease** when **introduced** to a **healthy organism** (Inject the so-called cause into another person and they must get the disease).
- 4) The **microorganisms must be re-isolated** from the inoculated, diseased experimental host and **identified** as being **identical** to the original specific **causative agent** (Take the material from the injected person and then inject that into another living host who must also get the disease).

**I emphasize, not a single one of those postulates was carried out for this alleged Covid-19 Pandemic!** [\[2.0\]](#) [\[2.02\]](#) [\[2.04\]](#)

The article [\[2.06\]](#) published by **Nature magazine** claims **Koch's postulates** were fulfilled for the **SARS virus** i.e. **Sars-Cov1** which is claimed to be **related** to the alleged new virus **Sars-Cov2** commonly known as **Covid-19**. However, when reviewed, it was actually **River's revisions** of **Koch's Postulates** that were used in their studies. River's revisions are a shortcut method where one can only be **fairly certain** and **not 100%** that an infectious agent is indeed causing the disease and it does **not** include **Koch's first postulate**.

#### **Rivers Criteria:**

- 1) Isolate virus from diseased host
- 2) Cultivate virus in host cells
- 3) Proof of filterability
- 4) Produce same disease in host
- 5) Re-isolation of virus
- 6) Detection of specific immune response to virus

The authors of **Nature article** claimed to have fulfilled **the last three of River's criteria**. They stated that **first three criteria** were **fulfilled** by the four papers i.e. Poutenan Paper, Drosten Paper, Ksiazek Paper and Peiris Paper. However, upon closer inspection, **neither** the cited four papers **isolated the virus** nor did the authors fulfill the **last three of River's criteria**. **Dr. Andrew Kaufman** breaks this down [\[2.0\]](#)

The following **four studies** i.e. Zhou Paper, Zhu Paper, Kim Paper, McMaster University Paper have been published so far for the **alleged Covid-19 'using' River's criteria**. However, upon review, **none of them met the first three criteria and none of them addressed criteria 4** (Produce same disease in host) and **5** (Re-isolation of Virus). So it hasn't **been proven to be fairly confident** that the virus '**Covid-19**' exists but it definitely explains how the alleged **new virus got its name**. Again, **Dr. Andrew Kaufman** breaks this down [\[2.0\]](#)

**Zhou Paper:** Implied its bat origin. Obtained genetic material but **did not isolate the virus**. They did not cultivate in host cells but used 'Vero and Hu7 cells' and this was only for one of the seven patients. They did not prove **filterability**. They say: '*provides evidence of an association between the disease and the presence of this virus. However there are still many urgent questions to be answered. We need more clinical data and samples to confirm if this virus is indeed the etiologic agent for this epidemic.*' Their reasoning for **identifying it** and **developing the basis** of the **RT-PCR Test** is that they **identified** the sequence of the **RNA** but they **couldn't identify** its **source** because they **didn't purify anything!** They said that it **shares** around **80% sequence identity** with **Sars-CoV1**. This is the reason for naming the alleged new virus **Sars-Cov2**, belonging to a family of **coronaviruses**. It is to be noted that **humans** share **96%** of their **genetic sequence** with **Chimpanzees**. So their conclusion would also imply that chimpanzees are of the same family as humans. This is certainly not the case.

**Zhu Paper:** Obtained genetic material but **did not isolate the virus**. They did not cultivate in host cells, instead used lung cancer cells (which **produce** lots of **exosomes**). They did not prove **filterability**, instead they used centrifugation. They said: '*although our study does not fulfill Koch's Postulates, our analysis provides evidence implicating 2019-nCoV in the Wuhan outbreak*'

**Kim Paper:** Obtained genetic material but **did not isolate the virus**. They did not cultivate in host cells, instead they used Vero cells and antibiotics (**antibiotics produce exosomes**). They did not prove **filterability**. Paper's **introduction**: '*Following the first outbreak of pneumonia cases in Wuhan, China, in late 2019, a new coronavirus was identified as the 'causative agent' in January 2020 [7].*

The reference [7]: '*Paraskevis D et al. A full genome evolutionary analysis of the novel coronavirus (2019-nCoV)*' is used to justify this statement. **They did not try to identify or isolate a virus**, instead they looked at the full sequence of the genetic material of this claimed virus and compared it to viruses found in other species so it **cannot prove causation**. Its **introduction**: *A novel coronavirus (2019-nCoV) **associated** with human transmission and severe human infection has been reported in Wuhan...* Its **conclusion**: '*The unique genetic features of 2019-nCoV and their potential association with virus characteristics and virulence in humans remain to be elucidated*'.

**The Kim Paper flat out lied** and most people are not willing to do their own research so it started the world's biggest headline that **Covid-19 100% exists despite the fact the virus particle was never isolated!**

**McMaster University Paper:** [2.08] Obtained genetic material but **did not isolate the virus**. They did not cultivate in host cells, instead used unspecified mammalian cells. **Introduction**: '*The emergence of a new coronavirus in a market in Wuhan, China, in December 2019 **set in motion the pandemic** we are now witnessing in 160 countries around the world*' This is **fraudulent** because it has **not 100% been proven, studies only showed a possible association!**

Could it be that **Covid-19 doesn't exist?** People seem to be getting **sick** but **why** has it **never officially been isolated?** Are they trying to **hide** its **true nature?**

## EXOSOMES

**Exosomes** are small **membrane vesicles** secreted by most cell types and are **naturally occurring** in the body. While they are **inside the cells** they are known as **MVEs / MVBs (MultiVesicular Endosomes / Bodies)** which have a bunch of **vesicles inside them**. When they **fuse with the plasma membrane**, these internal **cells are released as exosomes** on a day to day basis. Each of these **exosomes has a so-called lock** that is in **search of the right key**. They are **target cells** targeted to different parts of the body which both depend on what type of cell releases them. They are known to carry out **communication** from one part of the body to another which has different possible functions.

In [\[3.0\]](#), **Dr. Andrew Kaufman** explains that an **electron micrograph** (produced from an electron microscope) **of exosomes reveals** that they **have circular globular densities on their periphery after** being **excreted** from the **cell membrane**.

When you look at the **electron micrograph** produced by **HKU Med** (LKS Faculty of Medicine, the University of Hong Kong ~ Produced [Zhu Paper](#)) which **allegedly** shows **Covid-19 virus particles**, you can **clearly see** that they **basically look identical** to the **exosomes**. The **electron micrograph** is much clearer for **Covid-19** because the slice used was thinner and more or less perfect. The **electron micrograph** produced of **Covid-19 particles** whilst inside the cell and of the **MVEs** is also **identical looking** ~ a circular structure filled with these globular particles which are excreted as **exosomes**.

Their properties are also identical as shown in the table below:

	<b>Exosomes</b>	<b>Covid-19</b>	
<b>Diameter inside cell (MVEs)</b>	≈ 500 nm	≈ 500 nm	Ranges in size. Essentially compatible for the range in size
<b>Diameter outside cell</b>	≈ 100 nm	≈ 100 nm	Ranges in size. Essentially compatible for the range in size
<b>Receptors</b>	ACE2	ACE2	Discovered that the <b>alleged Covid-19</b> has an <b>ACE2 receptor ~ Angiotensin Converting Enzyme</b> on the surface. One of its <b>functions</b> : works with the kidney and regulates blood pressure. It is claimed that this <b>receptor</b> is how the <b>virus invades the cells</b> . There are also <b>exosomes</b> from our <b>own body</b> that <b>have ACE2 receptors as their lock-key mechanism to find their target cells</b> .
<b>Contains</b>	RNA	RNA	<b>Both</b> have <b>genetic material</b> in the <b>form of RNA</b> which is <b>both found in the lung fluid</b>
<b>Found In</b>	Bronchovascular fluid	Bronchovascular fluid	This <b>particular exosome</b> and the claimed <b>Covid-19</b> virus particle can <b>both be found in the Bronchovascular fluid</b> .

**James Hildreth M.D**, President and Chief Executive Officer of **Meharry Medical College** and former Professor at **John Hopkins HIV** research confirms these observations when he quotes '*The virus is fully an exosome in every sense of the word*'.

You must be asking yourself: How did they produce an **electron micrograph** of **Covid-19** if **they didn't isolate it**?

The **group in China** published the [Zhu Paper](#) in the **England Journal of medicine**. They got hold of lung fluid with **bronchoalveolar lavage**, centrifuged it and just took the fluid so that any lung or bacterial cells from the host would be stuck in a pallet at the bottom of a test tube. They took the fluid off the top, assuming that if there were any viral particles, they would be in that fluid. But they **didn't try to purify the virus from it**. Instead, they **incubated it** with **lung cancer cells** which **excrete exosomes**. Once examined under the microscope, were they looking at the **viral particles** or the **exosomes**? The image showed what looked **exactly like exosomes** so **no differences could be seen**.

**What Induces exosomes to be excreted from cells?** Immune Response, Toxic Substances, Stress & Fear, Cancer, Ionizing Radiation, Injury, Asthma, Infection, Diseases, EM Radiation etc.

**Exosomes also act much like sponges:** they **prevent** the **toxins released from bacteria** for a time **from attacking the cells**. When non-corralled (non-confined) **toxins** reach the **cell membrane**, they burrow little holes, the cell content leaks out and the cell would die. So the cell therefore **releases exosomes** as part of the **defense mechanism** which **swallow up** the **toxins allowing** the **cell to survive**.

Could it be that the **alleged new virus** is nothing more than the **excretion of exosomes**?

If so, **why** do people seem to be **getting sick**?

People become sick due to the **original cause** of **toxicity** in the body such as an **infection** or **EM radiation** that they are **exposed** to which **causes damage or illness**. So our **body's response** is to **excrete exosomes** to **absorb** some **toxins** and to **send signals** to our body on how to **handle the problem**.

When using the **RT-PCR Test** to diagnose someone with **alleged Covid-19**, we are **actually testing** for the **RNA sequence** of these **particular exosomes**. This initiation can also very well be due to **inhaling toxic substances, stress and fear, exposure to EM radiation etc** all of which are **abundantly** present in **Wuhan** and **Lombardy**.

Based on this evidence, it is clear that there is **not one cause** of the **claimed genetic material related** to the **alleged virus** but **multiple!**

The physical **symptoms** are **not specific**; there are **numerous other illnesses** that **cause** the **common claimed symptoms** of the **alleged Covid-19**.

**Dr. M I Adil, a NHS Doctor and consultant Surgeon** confirms the link between **exosomes** and the **alleged Covid-19**. He elaborates upon the crisis in his **11 minutes video which got deleted off YouTube** but is still available on **Bitchute**. [\[3.10\]](#).

Here is proof of his **license registration** [\[3.12\]](#)

Could it be that the **RNA sequence** being detected by the **RT-PCR Test** to diagnose people with the **alleged Covid-19** is **solely** due to **external toxicities** and **not a new virus**; or is it a **combination of both**?

## RT-PCR TEST

**Reverse Transcription Polymerase Chain Reaction** Test. *RT* means it **amplifies RNA** and **not DNA**. It does **not actually test** for the **virus itself** but for a **sequence of RNA** which could **potentially** be representing a **virus** as well as **many other things e.g. exosomes**.

I would like to point out that **Kerry Mullis**, the **inventor** of the **PCR Test**, categorically said that it **shouldn't be used for diagnosing infectious diseases**. [\[4.0\]](#)

Let me explain this with **an analogy**: My friend Conrad is going to a football stadium. I want to identify him amongst the crowd. Instead of recognizing him by his facial features, I identify him by a green hat I gave him. I send off a team of people to find that hat amongst the crowd and they found six people. None of them were Conrad because Conrad finds hats uncomfortable and decided to take it off and gave it to someone else in the crowd. **In conclusion**, when you are **looking for something** through something that is **associated with it**, you **must** understand the **relationship between both**. We should have asked Conrad if he was comfortable wearing it throughout the match? Or do other people potentially have this particular green hat? **Dr. Andrew Kaufman** explains this [\[3.0\]](#).

So using this type **of method** could be **very misleading** and leads to numerous **false results**. This is why whenever **evaluating a new test** you compare it to a **Gold standard**. This **RT-PCR Covid-19 Test** was **never compared to any Gold standard tests**.

Example of a **Gold standard**: You would **identify a virus particle** from the lung fluid of someone claiming to have the **virus**, and then once you **purify it**, you would take the **genetic material** from the **virus particle** so we **know where it came from**. You would then **compare** your **RT-PCR Test results** to that **Gold standard** from a **controlled group** who **have the common symptoms** and from a **controlled group** who **are in perfect health** to see how many test results are **[+]** or **[-]** for each group in order to **calculate an error rate**. The **false positive rate for the RT-PCR Test is estimated** to be **80%**! [\[4.02\]](#) [\[4.04\]](#) [\[4.06\]](#)

'What **PCR** does is to select a genetic sequence and then to amplify it enormously. It can accomplish the equivalent of finding a needle in a haystack; it can amplify that needle into a haystack. Like an electronically amplified antenna, **PCR** greatly amplifies the signal, but it also amplifies the noise. Since the amplification is exponential, the slightest error in measurement, the slightest contamination, can result in **errors of many orders of magnitude**' [\[4.08\]](#)

**Jon Rappoport**, an **American journalist** and other scientists **specialized in health issues** expands upon the above statement. The **PCR Test** takes a sample **of cells** and **amplifies** any **DNA (RNA for RT-PCR)** to look for **viral sequences** that **seem to match** part of a **known viral geno**. The test has extreme **flaws** as it uses **amplification** and takes tiny amounts of **DNA**, grows it until it can be analysed; so any minute contamination will also be amplified leading to **big errors** of discovery. It is **useless** at **telling how much** of a **virus one may have** which is **what matters** when **diagnosing illness**. It looks for **partial viral sequences** but **not whole genos**!

At best, it can tell that you have some **viral DNA in your cells** which the **majority of us do most of the time**.

We might **only find a few copies of this genetic material** which is essentially undetectable amongst everything else in the fluid. Because of this, **Reverse Transcription Polymerase Chain Reaction** replicates the strand of **RNA** and makes a copy from **1 to 2** copies, you then stop the reaction, start another cycle adding some more material, then you go from **2 to 4**, repeat, **4 to 8** and **so on...** It's an **exponentially binomial expansion**. Usually you need to carry out 25 to 35 cycles so you can see what you're looking for. **45 cycles** is said to be the **maximum upper limit** to **somewhat** still get **accurate results** which is the number of **cycles recommended** for **diagnosing** the **alleged Covid-19**!

**RT-PCR does not test** for **the virus itself** because it **cannot isolate** the **alleged Covid-19** which **was never properly isolated** in the **first place**. They observed common symptoms, interpreted an association and *voila*, *abracadabra*, a virus has broken out. If the genetic material is **amplified enough**, basically anyone will test positive because **everyone has traces of this genetic material** and **viruses** including **coronaviruses** which **only become harmful** once in a **certain quantity** which this test is **unable to distinguish**. This is why **so many people** are **tested positive** but **have no symptoms**! This **does not mean you will 100%** be **tested positive** because the test still **needs a certain amount** of this **genetic material** to be able to pick it up.

They are **testing everyone** in **hospitals including** those with **serious health conditions who have other illnesses** such as **cancer** who are **much more likely** to **have this genetic material** (particular exosomes) **allegedly generated** from **Covid-19**. If **anyone** is **tested positive** by the **RT-PCR Test** and **passes away**: **Covid-19** goes on their **death certificate whether** it was the **actual cause of death** or **not**! The **media** then **portrays** this and generates **fear** and **panic** on a **massive scale**!

Around **80%** of cases in **China** have/had **0 symptoms** and similarly in other places **worldwide** because most people have this **genetic material** in **very small amounts** at **any given time** which **RT-PCR test exponentially amplifies**. Some hospitals have even started to tell people that they have **Covid-19** based on their **flu-like symptoms without any test** which has **many possible causes**!

The **President of Tanzania** was **outraged** when a **goat** and a **papaya tested positive** for the **alleged Covid-19** by **imported testing kits**. [\[4.085\]](#) [\[4.09\]](#) [\[4.095\]](#)

Some **doctors** are saying: *'there is no new virus; there is just a new test. The more they test the more cases.'*

**Dr. Tim O'shea** is offering a **\$5000 reward** to anyone who can **prove** that the **PCR Test** is **actually diagnosing** for the **new alleged virus**. He has made a **brilliant video** to give you an **overview** of the **test being used**. [\[4.096\]](#)

A **respiratory therapist** comments on the **Test**: [\[4.10\]](#)

If **none** of **Koch's Postulates** have been fulfilled and the **alleged Covid-19** has **not** been properly **isolated**: How are we supposed to **accurately test for it** or even **classify** it as being from the **coronavirus family**?

**Why** would they **deliberately** use a **test** that **doesn't test** for the **new alleged virus itself**, who's **inventor** categorically said that it **shouldn't be used** for **diagnosing infectious disease** and which is **unable** to **quantify** the **genetic sequence** one may have?

## ELDERLY, IMMUNE SYSTEM & HOSPITALS

Firstly I would like to point out that about **10 000 people die** in **care homes** per **month** in the **UK alone prior** to the **crisis** we are in [\[5.0\]](#). The governments are **using the vulnerability** of **old people's immune systems** as an **excuse** for this **lockdown**. Their **vulnerability** and **weak immune systems** are most often due to their **age** (years of **abusing** the **body**) and other **pre-existing morbidities**. This can be **dealt with** if we use the **right approach**, **attack the root of problems** and **change detrimental habits**. **All** of our **cells** are **regenerated every 3 months**. A **majority** of the **elderly**, especially in the **UK** have **disgusting support** from the **government** and can only buy **cheap toxic food** which certainly **does not help!** Did you know that the **NHS** and other health care systems are giving out "**Do Not Resuscitate forms**" in **care homes** and to **elderly, ill & disabled people including children in hospitals?!** They are being **strongly coerced** into **signing** them [\[5.02\]](#) [\[5.04\]](#) [\[5.06\]](#) [\[5.08\]](#) [\[5.10\]](#) [\[5.12\]](#) [\[5.14\]](#) [\[5.16\]](#). Think of how many are **dying from cancelled operations** etc. It's simply **outrageous**; **don't be against** those **working in the system** but those **who are running it**.

When our **weak immune system really can't fight** what's attacking it, it **panics** and **releases cytokines** from **cells** to try and **fight off what levels** of the **immune system can't handle**. Some **health professionals** say that the **cytokine storm** faced by the **alleged Covid-19** is said to be **targeted at the lungs** causing **inflammation** and **dunge** in the **lungs** which **essentially leads to pneumonia**. The **new alleged virus doesn't kill you directly**; it's your **weak immune system's panic response** which **backfires** on you [\[5.17\]](#). **Why** are we **not** being **encouraged** to **boost** our **immune system** and the being told the best ways to do so? Instead we are being **fed constant fear and panic**.

The **immune system** is **targeted** from **birth** with **vaccinations**, awful **lifestyle** and **eating habits** because the **system** has **not taught us how** to **attack the roots of problems**. The **healthcare system** is **upside down**; instead of **tackling the roots of problems**, it **lets them grow** and gives you **medications, operations etc** which don't **actually fully cure you**. **Mainstream medicine simply** leads to a **paradox** of other **health issues**. The **natural remedies** and **cures**, the correct **biological** and **chemical approaches** etc are all **available** but are **not applied** by **mainstream medicine** and are hence **deprived from us!**

**The pharmaceutical cartel** gets its **profits** from our **weak immune systems, health issues** and **lack of knowledge**. If anyone knew what they were doing wrong, it's '**au revoir!**' mega **fraudulent pharmaceutical industries**. We live in an **economy of death**.

**Dr. Dan Erickson** and his **colleague** who **studied microbiology** for **20 years** [\[5.18\]](#) (Deleted off YouTube) explain that out of all the **claimed Covid-19 cases**, there are **large amounts** of **recoveries** and **very few deaths in proportion**. In the **2018-2019** flu season, there were **36 million cases** of the **flu** and between **34 to 40 thousand deaths** in the **US alone** [\[5.19\]](#) The **WHO** claims **290-650 thousand deaths** are **linked to influenza every year** [\[5.20\]](#). The **claimed covid-19 deaths are less than the influenza**. The doctors say that the **lockdown makes no scientific sense** and does nothing but **lower our immune system**. One point being, that we **build our immune system** by being **exposed to antigens and bacteria** on a **daily** basis. When **lockdown** is **withdrawn**, people will be **flooding** with **illness** due to their **weak immune system not being exposed to bacterial flora** and other **viruses** which essentially **protect** us from other **diseases**.

**Stress** and **Fear** weaken our **immune system**. **Positivity, exercise, Vitamin A, C & D** etc **all boosts our immune system**. Some are **too afraid** to **step outside**, take **fresh air** and absorb **sun rays**. The **sun** and **heat** **kill** or **deactivate viruses** [\[5.21\]](#) hence why there is more illness during **winters** (including **coronavirus** [\[5.22\]](#)). The **effects** of the **lockdown** are far more **detrimental** than that of the **alleged Covid-19**. The **consequences** are **explored** later on.

**Masks** are **absolutely useless** but they also have **detrimental effects** [\[5.225\]](#). Their **pores'** order of magnitude is in **micrometers** whereas **viral particles'** order of magnitude is in **nanometers** [\[5.23\]](#) [\[5.24\]](#) [\[5.25\]](#). In reality, **breathing oxygen** through a **mask increases cortisol** and the **sympathetic mimetic drive** which **reduces the immune system** because of your **flying cortisol levels**. Wearing **masks** all day will nothing but **increase your viral load** and can **exacerbate upper respiratory dysfunctions** by **activating your own viruses** as you become **immune suppressed**. You're simply **amplifying** your **own germ load** and **diminishing** your **body's immune system**. Some **masks** are made of **fiberglass** so you are **inhaling toxicities** such as **fiberglass particles** which are known to cause **disease**. **Masks reduce** your **oxygen load** because you're being **forced** into **re-breathing carbon dioxide** which leads to **hypercapnia**; the **symptoms manifested** as a result include **drowsiness, headaches, dizziness, exhaustion, shortness of breath** and it **compromises** our **innate immunity** etc [\[5.255\]](#); it's complete **upside down logic**. Masks have **detrimental health effects** and have even led to **car accidents** [\[5.26\]](#).

It is simply a form of **psychological warfare** because you are constantly being bombarded with this **imagery** of **people trying to protect themselves**. You have been **distancing yourself from your fellow humans**, having **less emotional interaction** which leads to an **increasing division**. People are becoming **afraid** of **each other** and have started to **snitch** on their **neighbors** if they **go outside**. This **atmosphere** of **fear and division** is when it's **easier to impose power and control**.

There is **no scientific evidence** that **social distancing prevents** the **spread** of an **infectious agent** but it definitely **deprives** us of **herd immunity**. The new **alleged virus** is **not** an **air-borne disease**, even if it was, if it **can travel 2ft**, it can travel **6ft, 15ft...** **Social distancing** also has **multitudes** of negative **psychological effects** which in turn **affect our health**.

As you can see, countries with **no lockdown** e.g. Sweden, Iceland, Belarus, Taiwan, South Korea, Japan and Mexico (went into loose lockdown on 2<sup>nd</sup> of April) all have **significantly less deaths** in comparison to countries with a **lockdown**. [\[5.27\]](#) **Isolation** is a **Silent Killer**.

**Private hospitals** are being taken over [\[5.28\]](#). A big **conference area** in **London** was turned into an **ICU** [\[5.29\]](#). However, it has been **empty ever since** and when asked **why**, the **government** responded by saying there is **shortage of NHS staff**. That's odd; **how come** most **hospitals** are **actually empty** and medical **staff** seem too busy making **TikTok dance videos?** [\[5.30\]](#) [\[5.31\]](#) [\[5.32\]](#) How come **many health employees** are being **laid off?**

People have gone into **hospitals** and found nobody there, they are **anything but busy** [\[5.33\]](#) [\[5.34\]](#). Many are **not being let inside hospitals** to check up on their **relatives** because they are trying to hide the fact **that hospitals** are quite **the opposite** of how they are **presented** by the **media**. They want us to **remain stuck** in the **media's illusions**. **Clapping** achieves nothing but **perpetuate** the **illusion** that **hospitals** are **warzones**.

Many **NHS workers** are unable **to get work** [\[5.36\]](#). **Health workers** are being **laid off** all over the world [\[5.37\]](#) [\[5.38\]](#) [\[5.39\]](#). Such **issues** have been **exposed** by **whistleblowers** because they have been **banned** from **talking publicly** and would **face consequences** [\[5.40\]](#). A man was literally **jailed** for posting what he had seen in a hospital [\[5.41\]](#). The video [\[5.42\]](#) is of a **German journalist** walking into a **hospital** that is literally a **ghost town**. It is followed by a compilation of **German scientists exposing** all the **inconsistencies** with the **claimed Pandemic**.

In the video [\[4.10\]](#) (deleted off YouTube multiple times), a **respiratory therapist** explains that they are being ordered **not to use** the **oxygen machines if patients** are **short of breath**, to **let them crash instead** and put them **straight** onto **ventilators**. **Medical professionals** are also being **pressured** into writing **Covid-19** on **death certificates**.

The **Medicare** health operation in **America** said if a hospital **diagnoses** someone with regular **pneumonia**, it gets paid **\$4600**, if **Covid-19** is said to have **caused the pneumonia** it gets paid **\$13 000** and if an alleged **Covid-19 case** is put onto a **ventilator**, they get **\$39 000 dollars!** [\[5.43\]](#) [\[5.44\]](#)

**South Korean physicians** reported that critical **Covid-19 patients responded well** to **oxygen therapy without a ventilator**. **Dr. Kyle-Sidell** says it's **not the pneumonia** that's the **killer**; it's the **cellular oxygen deprivation**. And we are **hurting these patients with ventilators**. [\[5.45\]](#)

**Dr. Kyle-Sidell**, an **emergency medicine physician in Brooklyn** says that it appears as if there is some kind of **viral-induced disease** most **resembling high altitude sickness**. 'These patients are **slowly being starved of oxygen**. We are putting breathing tubes in people and putting them on **ventilators** and dialing up the **pressure** to open their lungs. I've talked to **doctors all around the country** and it is becoming increasingly clear that the **high pressure** we are providing is **damaging the lungs** of the patients. (Alleged) **Covid-19 patients need oxygen**, they do **not need pressure**. The **Acute respiratory distress syndrome ARDS** that we are seeing, may be **nothing more than lung injury** caused by the **ventilator**. When we treat people with **ARDS**, we typically use **ventilators** to treat respiratory failure. But these **patients' muscles work fine**. ' [\[5.46\]](#) [\[5.47\]](#)

He told **Medscape** that around **70% of Covid-19 patients** on **ventilators never recover** based on his research. Due to **Dr. Kyle-Sidell's opposition to protocol** and his efforts to change it, he was **forced** to **step down** from his **ICU position** and his video [\[5.48\]](#) was **deleted off YouTube**. The **misuse of ventilators** is **killing people!** [\[5.49\]](#)

Another **New York nurse** exposes this matter in a video [\[5.50\]](#) which correlates perfectly with what **Dr. Kyle-Sidell** and the **respiratory therapist** expose. She calls it **murder**, **patients** are **being left to rot and die**. She says that they are **completely ignoring** other techniques and **common sense science**.

She is not the only one, **doctors** with **respect** for their **professions**, who became **health professionals** to **save lives**, are all on the same page. Here is another video [\[5.51\]](#) of a **nurse crying**, she says 'people are literally being **murdered**'. This whole issue is being **approached upside down deliberately** and the **medical system** is **incentivizing people to do so**. It will become increasingly **clear** that this is **not to protect us**. Here are **three additional videos** of **nurses** discussing this matter: [\[5.52\]](#) [\[5.53\]](#) [\[5.54\]](#)

Doctors **claim** to be successfully treating **alleged Covid-19 patients** with the following:

**Hydroxychloroquine**: Helps **open up** the **cell** and **inhibit cytokine storms**. Studies show that it releases **liposomal enzymes** out from the compartment of the cell **into its cytoplasm** which can be damaging to the cell but **if** the cell has been **inundated with some type of toxic substance**, it would **help break them down** so the **cell could survive**. It has **cured** many **claimed Covid-19 cases** [\[5.55\]](#) [\[5.56\]](#).

In **2005**, **Dr. Fauci's National Institute of Health (NIH)** published an **article** [\[5.57\]](#) 'Chloroquine is a potent inhibitor of SARS coronavirus infection and spread' which **concluded** '...chloroquine has strong antiviral effects on SARS-CoV infection of primate cells. These inhibitory effects are observed when the cells are treated with the drug either before or after exposure to the virus, suggesting both prophylactic and therapeutic advantage.' This means it will not only **treat a current case of coronavirus (therapeutic)** but will also **inhibit future cases (prophylactic)** of the **alleged coronavirus** [\[5.58\]](#); in other words '**au revoir** vaccines! So if **Covid-19 (Sars-Cov2)** really is related to **Sars-Cov1**; why on earth is **Fauci** and other **authorities denying Hydroxychloroquine's cheap efficacy?**

The **drug's effectiveness** in **curing patients** has been **reported all over the world** from **high-end doctors, researchers and scientists** [\[5.59\]](#) [\[5.60\]](#). **Dr. Zelenko** has treated over **1500 patients** with a combination of **Hydroxychloroquine, Azithromycin and Zinc Sulphate**. [\[5.61\]](#) [\[5.62\]](#) [\[5.63\]](#) **Dr. Didier Raoult's** (one of the leading **French scientist, microbiologist and physician**) **team of researchers** [\[5.64\]](#) **concluded** 'we confirm the efficacy of hydroxychloroquine associated with azithromycin in the treatment of Covid-19 and its potential effectiveness in the early impairment of contagiousness.'

After **President Trump** touted its **potential against** the **new alleged virus** [\[5.65\]](#), **India** (**largest manufacturer of Hydroxychloroquine**) **banned the export of all forms of chloroquine** [\[5.66\]](#).

The **alleged Covid-19** is said to **hijack the red blood cells** and **remove the Fe<sup>2+</sup> iron ions** from the **haem groups** of the **haemoglobin** thus making the **haemoglobin unable to transport oxygen** because it is the **iron which binds** to the **oxygen molecules** [\[5.67\]](#) [\[5.68\]](#). This is **relevant** because **hydroxychloroquine inhibits** the **chemical detachment of iron** from **haemoglobin** (this in turn **prevents the likeliness** of a **cykotine storm**) [\[5.69\]](#) [\[5.70\]](#). This **information** is also **key** in **understanding** one of the **links** between **5G** and **Covid-19 (5G Technology section)**.

**Vitamin C**: **Boosts the immune system**, it has **antioxidant properties** and **blood thinning qualities**. Toxic exposure leads to **oxidative stress** (free radicals) and **Vitamin C** helps **stop** the **chain reaction** of more **free radicals** being **produced**. People are recovering from **Vitamin C**. [\[5.71\]](#)

**Why** are **doctors** being **arrested** for **treating patients** with **Vitamin C?** [\[5.72\]](#) [\[5.73\]](#) **Why** are **none of these approaches** being **used as protocol** by **mainstream hospitals?** Could it be that **political** and **medical authorities** are **deliberately ignoring and discrediting effective cures** and **only using harmful protocol** to **increase the amount of deaths** and **enforce vaccines?**

## MEDIA & STATISTICS

### *Control Information, Control perception, Control Behaviour*

The **CDC** (Centre for Disease Control) said: *'we emphasize that Covid-19 should be reported for deceased whether Covid-19 caused it, is presumed to have caused it or contributed towards it.'* This use of language leads to a substantial over reporting [\[6.0\]](#) [\[6.02\]](#). The reports have no distinctions whether or not the death was presumed etc. If **Covid-19** is **mentioned**, it is always labeled as the **primary cause** despite patients having other **co morbidities**. [\[6.04\]](#): *'If the decedent had other chronic conditions such as COPD or asthma that may have also contributed these conditions can be reported in Part II.'* **Government agencies** are doing the same all over the world; the **media** is simply a **form of psychological conditioning**.

**Northern Ireland's public health agency** is releasing weekly reports in which a **Covid-19 death** is defined as: *'Patients who have died within 28 days of the first positive result whether or not Covid-19 was the cause of death'*. [\[6.06\]](#)

On **March the 20th 2020**, President of **Robert Koch's institute** confirmed that **any deceased person who is claimed to have been infected with Covid-19** goes down as **Covid-19 death whether or not it was the actual cause** and this is **happening internationally**.

The **British National Health Service**, England's National Statistics, releases weekly reports on the nation's mortality. The reports released on **March 31st stated**: The Office of National Statistical System is **predicated on the registrations of deaths (Number registered that week and not actual number of deaths)** which leads to slight delays in recording due to the processing time. Since **Covid-19** is a national emergency, they are now **including provisional figures** which will be included in data in subsequent weeks. This leads them to accidentally, excuse my language, **deliberately** recording the same deaths **twice, once provisionally** and **once officially** a week later so people are **constantly seeing more deaths** on the news! [\[6.08\]](#)

The total number of **overall deaths** in **Britain hasn't risen** in any shape or form in the **first 3 months of 2020** compared to the **first 3 months** of the past **5 years mean average** (3.0) [\[6.10\]](#). **Visits to hospitals** have **gone down**. However, there has been an increase in deaths since the end of March, **only after the lockdown was put in place** [\[6.12\]](#). The same more or less the same goes for the whole of **Europe**, [\[6.14\]](#) where the average increase remains the same throughout. The statistics are always **fiddled with deliberately** using spikes to **intimidate you**. The recent rise in deaths since **lockdown** has mainly been the **elderly** and those in **care homes**. But the question is: **How are they dying?** I shall explore all the external factors that need to be considered later on.

Observe the **media's wordings** such as: So and so has died **after testing positive for Covid-19**. This **does not mean they have died from it** but **Covid-19** still goes on their **death certificate** and it **triggers us psychologically**. This is **how they manipulate the figures**. All you see is **'died with Covid-19'** or **'linked to Covid-19'**, you **don't die with a virus**; you **die from a virus**. If I were to die from a **heart attack** while I had **influenza**, would my **death certificate** report **influenza** as being the **cause of death**?

If someone **dies** with the **alleged Covid-19** based on the faulty **RT-PCR Test** results, it is counted as a **Covid-19 death**. **Coronavirus response team** member **Dr. Deborah Birx** openly **admitted** to this [\[6.16\]](#). If you had a **few weeks to live** and were **tested positive** for the **alleged Covid-19**, it would still count as a **Covid-19 death**. [\[6.18\]](#)

Those **controlling the death certificates** recently changed how they dealt with the figures, they now say that it's okay to **claim someone** has **died** from the **flu, pneumonia and Covid-19** on the **death certificate** but still go down as **death caused by Covid-19** which is the **only part the media picks up**. See, as the number of **deaths from Covid-19** were on the **rise**, the number of **deaths** from **all other causes** have **dropped** compared to previous years because a **majority** of them are simply being **relabelled**.

**Eddie Large**, a **British comedian** recently **died** from a **heart failure** but when he was in **hospital** they **tested** him for **Covid-19**. Guess what? He tested **positive**, what a jolly surprise! He went down as a **Covid-19 death** but that was **clearly not the cause** [\[6.20\]](#). Thousands and thousands of similar stories all around the world are **constantly being exposed** e.g. a **baby** was **headlined** to have **died with coronavirus** when it was actually **born 22 weeks prematurely** [\[6.22\]](#).

The **alleged Covid-19 symptoms** are claimed to be **flu-like** which are very **general** and leads to lots of **false assumptions** and hysteria. Some **hospitals** are **diagnosing** based on **symptoms** [\[6.24\]](#)! Many **doctors don't have to prove** that you have **Covid-19**, if they claim that you do, they can put it on your **death certificate**, and this has been **exposed** by many people including **funeral directors** [\[6.26\]](#).

**Whether or not you died** from **Covid-19**, it will still **go on the death certificate**. They are **constantly relabeling deaths** as **Covid-19 deaths!** [\[6.28\]](#) [\[6.30\]](#) [\[6.32\]](#) **Why** on earth would they want to make it **seem so much worse** than it **actually is**? **What** is the **hidden agenda**?

I saw a video of a woman with **severe lung issues** taking a video of her struggling to say 'Be careful of this Covid-19 etc...' She was told she had **Covid-19** and naturally believed so herself; but who knows if this really was the case? This **emotionally** charged me with **compassion** but that's **when** you are **most vulnerable**. The **media** knows how to **trigger** certain **psychological and emotional reactions** and that's **exactly** what we **should be wary of!**

This is **precisely** how the **mainstream media controls** our **perception** and **behavior**. When I saw this video, I believed that **Covid-19** was of **great gravity** but during my own research; I **realized** that this **simply was not the case**.

Most **medical professionals** are **clueless**; they just **follow the protocol** and **do** as they are **told**. If a patient is **tested** for this **genetic material (RNA)** by the **RT-PCR Test**, they are told by their superiors to put **Covid-19** on the **death certificate**. For those who realize that something's isn't quite right, most of them **keep silent, afraid** of **losing** their **job**, even more so during the **economic crisis** we are in. There have been **medical professionals** who feel **personally** and **professionally insulted** and have stood up **exposing** this **crisis** for **what it actually is**. Ever **seen them** on **TV**? Certainly not, they are being **censored** and are **banned** from **doing so**. [\[5.56\]](#).

On the **UK government's** website [\[6.34\]](#), it says: '**As of 19 March 2020, Covid-19 is no longer considered** to be a **high consequence infectious disease (HCID) in the UK.**' A matter of **days after** this was announced, the **whole country** underwent a **lockdown**. **Everything** is **inversed** and **counter intuitive**.

How is the **death:case ratio** being **manipulated**? **Germany** has a **death ratio** of **less** than **1%**. **Why?** It's simple, they have done **vast amounts** of **testing**, and hence the **number of cases increase** and the **ratio of deaths** go **down** because there is **not** a **significant amount** of **additional people dying**. Italy's ratio was manipulated differently (explained in the upcoming section).

**China** was **building hospitals** to **amplify** the **illusion** that are **now being shut down** because they **claim** that their **cases have dropped significantly quickly** but it's all a **psychological effect!** Similarly with **Nightingale Hospital** which has now **more or less** been **decommissioned** [\[6.36\]](#) and the **London conference centre** which has been taken over as an **ICU** [\[5.36\]](#) and has been **empty** ever since.

Again with this **weekly clapping spree** in the **UK**, all it does is **perpetuate** the **illusion** that **hospitals** are **warzones**; it's **devastating** to see how **gullible** we are. Be **skeptical** of the **media**, you **must do** your **own independent research**.

The **media** uses **influencers** such as **celebrities** and **politicians** to their **advantage**. We all know how much people **care** about **celebrities**. Have you noticed these **ridiculous ads on YouTube** that **constantly advertise** the message '**Stay home – Stay safe**'? Pay attention to **commercials** of **big brands** and **corporations**, the **identical ways** they're **promoting Covid-19**, the **mood** they set, the **music** they use and the constant **imagery** they are **submissively** feeding us [\[6.38\]](#).

It has been **openly exposed** that **CBS News** used **footage** from an **Italian ICU** when covering **hospitals** in **New York** [\[6.40\]](#), the **mainstream media constantly lies**; this is simply **one example upon many**.

The **Bill and Melinda Gates foundation** has given a vast amount of **grants** to **UK universities**; in the last year alone, they amount to **over \$127 million**. Conveniently, all **scientists** and **experts** that you see on **mainstream media** represent these **particular universities**. The **biggest illusion** is the **illusion of choice**. [\[6.41\]](#)

Since **2009**, the **BBC** has **officially** received a total of around **\$59 million** from the **Bill and Melinda Gates Foundation!** [\[6.42\]](#) [\[6.43\]](#)

**YouTube** and **Facebook** are **censoring everything** that does **not correlate** with the **official narrative**. Anybody who **questions the official narrative** is **labeled** as a **Conspiracy theorist**; this goes to a vast number of **critical thinkers**. We hardly have any **freedom of speech**; I will **elaborate** on **ensorship** in a later section.

## ITALY

The **main centre** of the **alleged Covid-19 outbreak** is **Lombardy** which is known as the **China of Europe** due to its **toxic air**, similar to **Wuhan** which is a **notorious polluted city**. Now let this sink in, **Lombardy** had a death toll of just under **100 000** (99 542) people in one year from all causes in **2018**. The next region with the highest deaths in **Italy** was **Lazio** with **57 000**. [\[7.01\]](#)

**99%** of **killed patients** in **Italy** had one, two, three or more existing and/or previous health conditions prior or alongside the current 'pandemic' [\[7.02\]](#). Around **90%** of **all people** who were claimed to have died from **Covid-19** had **one, two or three other health problems**.

Professor **Walter Ricciardi**, advisor to **Italy's ministry of health** [\[7.04\]](#) said: 'the way in which we code deaths in our country is very generous in the sense that all the people who die in hospitals with coronavirus are **deemed to be dying from coronavirus**, on revaluation by the institute of health, only 12% of death certificates have shown a direct cause for coronavirus and 88% has had 1 or more pre-morbidities, many had two, three or more other health problem'.

The **figures compared** to **previous years** have **not gone up** in order **to justify** a **new pandemic outbreak**. People are **dying from what they always have** e.g. **respiratory problems, the Flu etc** but it's just being **labeled as Covid-19!**

Since the **flu season of 2019**, there have been more than **three million** cases of the **flu** reported in **Italy**. There are **thousands** of **flu** and **pneumonia patients all around the world at any one time**. They combined the **sickest of these** in a **single location** such as **Lombardy** and **Wuhan**. They gave them the **RT-PCR Test** and **claimed** anyone showing **viral sequences similar** to **coronavirus** (which will inevitably be many) to be **suffering** from **Covid-19**.

**Death:Case Ratio:** Civil protection Chief **Angelo Barelli** said [\[7.06\]](#) (directed towards **Italy**) 'It is credible to estimate there are 10 positive cases for every one officially reported.' Why would they do that? If this is true, then Italy's mortality rate would **drop** from around **10% to 1%**. They therefore **alter the figures depending on the country's status** for the **maximum efficiency of perception control**.

**Italy** has a very **old population**, sick with **inflammatory disorders**. At the beginning of **2019**, many received an **untested new form** of **influenza vaccine** with **4 different strains** of **influenza** including the **highly pathogenic H1N1**. This **vaccine** is grown in **dog cell lines** which have lots of **coronaviruses**.

This therefore **increases odds** of getting **coronaviruses** by **36%**. [\[7.08\]](#) Publication [\[7.10\]](#) last year in the **military** showed that those **vaccinated** with the **flu vaccine** were more susceptible to **coronaviruses** which are **detected** by the **test**. Therefore, those in **Italy** are much more likely to be **tested positive** for **Covid-19**. Yet **Dr. Deborah Birx** and other **politicians** are **advising** people to get the **flu shot**.

Did you know we **age** based on how much **radiation we are exposed** to in terms of how **young** and **healthy** we are? [\[8.03\]](#)

In **4G**, the **phone** acts as the **computing pipe** to the **network**. **5G** is **computing** and **networking combined** on the **same platform**, you **cannot opt out like 4G** because the **data is out in the open** as opposed to on the phone. **4G** connects **10 000 devices** per **square mile**, **5G** connects **3 000 000 devices** per **square mile**. **4G technology** ranges up to **6 GHz** but would operate between **700MHz - 2GHz** in telecommunication. **5G technology** ranges up to **300GHz** but is said to operate between **30 - 95 GHz** in telecommunication. **5G** at very **high power outputs** is used by the **military** as **crowd dispersal warfare** - your **skin** feels like it's **burning** (our **body** and **skin** acts as **antennas**).

At around **60 GHz**, **oxygen molecules absorb 98%** of the **energy it's exposed to** [\[8.04\]](#). This **affects** the **orbital resonance** properties of **oxygen's shared electrons**. It is those **shared electrons** that **bind** to the **iron ions (Fe<sup>2+</sup>)** in **our haemoglobin**. **60GHz 5G** therefore **affects** the **ability** of **haemoglobin** to **bind** with **oxygen**. Our **ability** to **absorb oxygen** is hence significantly **hampered** which **can create slow suffocation**.

**Devyatkov et al. (1975)** and **Devyatkov (1978)** pointed out that **microwave exposure changed** the **state** of the **Fe<sup>2+</sup> ion** in the **haem** of the **haemoglobin (oxi-form)**. **Iron ions** in **haemoglobin changed** from the **Low Spin State S = 0** to the **High Spin State S = 2**. The **effect** is **frequency selective** and was **proved** by **Didenko et al. (1983)** at **42.173 GHz**. [\[8.05\]](#)

**Haemoglobin** consists of **four subunits**, each formed by a **polypeptide chain**, with a **haem group** bearing a **Fe<sup>2+</sup> ion** (named **porphyrin** when the **haem** contains **no iron** [\[8.06\]](#)). **Iron ions** in a **High Spin State** are of a **larger area** compared to the **iron ions** in a **Low Spin State** ~ **High Spin State iron ions** are **too large** to **fit** into the **cavity** of the **porphyrin ring** and are hence **unable** to **bind to oxygen**. The **Fe<sup>2+</sup> ions** are hence found **0.4nm** beyond the **porphyrin rings** of the **deoxygenated states** of **haemoglobin (deoxyhaemoglobin)** [\[8.07\]](#). **Deoxyhaemoglobin** is also **more vulnerable** to **virus attacks** than **oxidized haemoglobin** [\[8.08\]](#).

After an **hour exposure** to **microwaves**, the **effect persisted** for **several hours**. **Multiple effective frequencies** were **found** with generally **different qualitative effects**. This difference indicates that **different microwave frequencies** may have **different endpoint targets** in a **macromolecule**. (**5G** is part of the **microwave** and **infrared spectrum** [\[8.09\]](#))

In **2016**, **Boeing**, the **aerospace company** requested the use of the use of **37.5-42.5 GHz** range for **downlinking** from **spacecrafts** to **terminals** on **Earth**. However in **November 2016**, the **Federal Communication Commission (FCC)** **specifically deferred** from **Boeing's request** to **operate** in the **bandwidths** of **42-42.5 GHz** and **51.4-52.4 GHz**. [\[8.10\]](#)

In **2017/2018**, the **FCC deleted** the **broadcasting** and **broadcasting-satellite** service allocations from **42-42.5 GHz (42 GHz band)** and **declined** to **allocate** the **band** to the **FSS (space-to-Earth)**. [\[8.12\]](#)

However, as of **February 2018**, the **FCC** targets the **40-42 GHz** and **48.2-50.2 GHz bands** for expansion of **Fixed Satellite Service (FSS)** [\[8.13\]](#), the exact **same month** that **SpaceX (Elon Musk)** had its **maiden launch** for the **5G starlink**. [\[8.14\]](#)

It has now been **revealed** that **SpaceX's downlink channels (satellite to user terminal)**, will range from **37.5-42.5 GHz** (hence **approved** by the **FCC**). [\[8.15\]](#)

Why did the **FCC** have a sudden **change of heart** in allowing **SpaceX** the ability to **operate within 42-42.5 GHz**?

The **42GHz Band (42-42.5 GHz)** is also one of **the fixed authorized bands** for **mobile use** amongst others. [\[8.16\]](#)

We now know that **certain bandwidths** of **5G separate iron** from the **haem of our haemoglobin** which leads to **oxygen deprivation**, which is **more or less** the **same** as the **alleged Covid-19 virus**. It also leads to us being **more susceptible to viruses** due to our weakened **immune system** and the **vulnerability** of **deoxyhaemoglobin**.

Many of the **alleged Covid-19 patients** have **high levels** of **ferritin** in their **blood** [\[8.17\]](#). Typically **ferritin** is used to **store excess iron**. If a lot of **iron** is 'pushed' out of **haem groups** and circulating around, the **body produces** more **ferritin** [\[5.68\]](#). These **high levels** of **ferritin** can be **caused** by **particular 5G frequency bands** as we have just explored; when the **ferritin levels increase 3000**, **cytokine storms** are **released** which is **what** is **often seen** in the **alleged severe cases** of **Covid-19 patients**.

**Dr. Cameron Kyle-Sidell** (treated patients in a **New York ICU**) said that the real **disease** appears to **cause oxygen deprivation** in victims, **not pneumonia**. He says that it **raises huge questions** whether there is some **additional external factor beyond** the **virus** that may be **causing** a **combined effect** that result in **severe oxygen deprivation**. **Dr. Buttar** and **Dr. Kyle-Sidell** say that many of the **claimed Covid-19 patient's lungs** simply resemble **high altitude sickness**. It seems evident that all along, this **Covid-19 virus** has been **attacking the hemoglobin** of **red blood cells** and thus the **ability to transport oxygen** throughout the body [\[8.18\]](#), similar to **60Ghz band** and **42GHz band** of **5G**.

**Elon Musk** plans to blanket every inch of the earth with **5G** by deploying **42 000 satellites (Starlink)** [\[8.19\]](#) and having them linked to one **million ground based antennas** to amplify the effects. His company **SpaceX** got permission from the **FCC** [\[8.20\]](#) during lockdown, **FCC's** head **Ajit Pai** was the **ex CEO** of **Telecom**, a telecommunication company, run by the **Elite** and **their assets**. It's all **connected** at a **deeper level**. The **FCC** has **done no testing** or **independent studies** on **5G**.

The **studies** that **prove radiation** and **5G** to be safe **do not test** for **constant nonstop 24/7 exposure** to these **radiations** but for **short time exposure**. All the **studies** referred to by the **mainstream media** to justify **5G's safety** are carried out by **scientists** who are **hired by** or **associated** with **telecommunication and/or technology** companies. There is a clear **conflict of interest!** The huge majority of **independent studies** made on **EMRs** including **ionizing** and **non-ionizing** radiation, **4G**, **millimeter waves (5G...)** etc have **all found health hazards involved**.

**Thousands of scientists, activists and researchers** have **warned us about 5G technology** ever since it was announced in **2012**. Do you think these scientists **are going out there way to create and sign petitions and anti 5G movements over nothing?** [\[8.21\]](#) [\[8.22\]](#) [\[8.23\]](#) [\[8.24\]](#) Do you think they have **vested interest** in **stopping 5G**? I wonder what that might be, except **protecting their health** and the **wellbeing of others**.

Here is a **fantastic website** that has linked a **huge number** of **legal actions, moratoriums** and **studies** regarding the use of **wireless technology** and **5G**. [\[8.28\]](#) [\[8.29\]](#)

Here is another **brilliant post** [\[8.30\]](#) which has linked **over 100 different research studies** and **experiments** that **prove 4G, 5G** and other **wireless radiation** is **harmful** (**cancer, immune system, environment** [bees, animals etc] and **so on...**)

Where was **5G and its smart grid system first massively implemented**? In **Wuhan**, **5G radiation** is one of the toxicities that **lead to the release of exosomes which is what the RT-PCR test is actually testing for as explained previously**. There are **highly probable links** to **5G** and those **claimed to have Covid-19**. I **personally** know someone who recently had difficulties breathing when his **Wi-Fi** was upgraded to **5GHz**. When he switched it back to **2.4GHz**, he was able to **breathe properly** again; this is **not unheard of**.

**OFCOM** owns the **UK licence to 5G; they hand out the contracts and promote it** [\[8.31\]](#). Why is **5G** on a **rollout overdrive** and considered **absolutely essential work** during **lockdown**? **OFCOM** also **dictates everything that goes on in the UK broadcasting** [\[8.32\]](#) and it has been recently proposed that **OFCOM** should also **regulate the internet in the UK** [\[8.33\]](#). They have **banned all discussions on potential 5G and alleged Covid-19 in mainstream media**. Are we **not entitled to hearing another view** to the official **narrative**? If **5G** really is **safe** and has **no links** to this **crisis**, **why censor** it so **desperately**? What are they so **afraid of**?

**5G** was meant for **machines** and **robots** that are **non-affected by radiation**. We currently utilize '**Narrow AI**'. **Artificial General Intelligence, AGI** (ability to perform all of the same intellectual tasks as humans) is **entirely dependent** on **5G technology** which is an **explosion of connectivity** and **constant ultra fast data transfer** e.g. autonomous cars, the internet of things etc. All of these are **stepping stones** for **advanced biometric systems** to **control** and **monitor** the **population**.

## GOVERNMENT ADVISERS & IMPERIAL COLLEGE

Is it just me who's noticed that the world is **run by psychopaths** who feel **no empathy**? The **deep state** is very clever in **manipulating world order**. They have set up a **pathocracy disguised** as a **free democracy** heading towards a **technocracy** where the **puppets are running the show**. You might think changes are taking place at plain sight but essentially, the **bodies change** and the **brains remain the same**.

**Politicians** are being **pressured** by **advisors** and **technocrats**. Deep down **Boris** didn't want to **enforce lockdown**; he knew the outcomes and effects would be devastating. However, **Professor Neil Ferguson** from **Imperial College** comes into the picture and says that his **computer models predict that 500 000 people** could **die** unless a **lockdown** and **social distancing** took place [\[9.0\]](#). If Boris **doesn't take certain measures**, he would be **held responsible**. **Imperial college pointed** at **China's draconian measures** as an example whose cases and deaths **went down ridiculously quickly** to an extent which is completely **unrealistic** in a **real pandemic**. **Boris** reacts out of **fear** and enforces **a lockdown** as his **duty**.

**Professor Neil Ferguson** then changes his predictions to **20 000** deaths and has now revised it again to **5700**. But of course, the **lockdown is still in place** and there are **likely** to be **multiple waves** based on **Imperial's modelling predictions**.

**Neil Ferguson** said **lockdowns** are **indefinitely necessary** until a **vaccine** is **produced**. I guess he's on the same page as **Bill Gates**. Don't you think it's very convenient that **Imperial College** received a **\$79 million grant** from the **Bill and Melinda Gates Foundation** [\[9.02\]](#) in **March 2020**, the same month **Neil Ferguson** made his **predictions** and the **lockdown** was put in place? **Neil Ferguson** has also received funds from **Bill Gates** for his past projects.

**Ferguson's ludicrous computer models** have been embarrassingly wrong in the past. Example:

**2001:** To stop the outbreak of **foot and mouth disease**, **6 000 000** cattle, sheep and pigs who didn't even encounter animals with the disease **must be killed**. This **destroyed** the **lives** and **livelihoods** of thousands of farmers and left **rural Britain economically devastated**.

**2002:** Mad cow disease could kill up to **50 000 people**. It ended up killing **less than 200**.

**2005:** Up to **200 000 000 people** could **die** from the **bird flu**. The final death toll was **440**.

**2009:** Model said that **Swine Flu** could lead to **30%** being **infected** and **65 000** could **die**. **Neil Ferguson** advised to close schools. A total of **457** actually **died** based on official figures.

According to him, the **alleged new virus** was **claimed** to be **just the beginning** to **create more fear**. When they stop fiddling with the **statistics**, they have a perfect **claim that quarantine helped save the expected millions of dead**. Then another **wave can be initiated if necessary to enforce another lockdown until people are begging for a vaccine**. Anyone with a single brain cell is able to see that the **predictions were deliberately overstated**.

**DR. RASHID. A. BUTTAR**

The doctor graduated with a **double major in biology and theology** before attending medical school. He is **board certified medical toxicologist, board eligible in energy medicine** and has achieved **fellowship status in 3 separate medical societies**. He currently serves as a **medical director for centers in advanced medicine with clinics** (specialize in **immune dysfunctions and toxicity issues**). He is **ranked among the top 50 doctors** in the United States.

He made a series of 6 videos which were **deleted off YouTube**. His interview on 'next news network' also got deleted but his content is available on his site. His hypothesis is that the virus is a **biological warfare** made in a **Wuhan lab**. Click [\[10.0\]](#) to become a free member, [\[10.02\]](#) to access the videos. His other site is [\[10.04\]](#). *Here is an overview:*

**VIDEO 1: Dr. Rashid. A. Buttar** refers to [worldometers.info](#). There are many more serious things to be worried about health wise but everyone seems to be panicking over **Covid-19** which **he blames** on the **media**. The total of claimed **Covid-19 deaths** makes up **less** than **0.1% of the total deaths** since January the 1st 2020 (at the time he made the video). He said that **no one is talking about the immense number** who **recovered** within **less than 24 hours** and a **maximum of 48 hours**.

He reviews the article [\[10.06\]](#) '**Scientists are detecting novel RNA in multiple patients with influenza or pneumonia like conditions, and are assuming that the detection of RNA ... is equivalent to isolation of the virus. It is not...**' He reiterated that **no one** has actually **isolated the virus** and that **Koch's postulates were not fulfilled**. They've taken the **assumed RNA components** of the **claimed Covid-19** and **extrapolated** that if the **RT-PCR Test detects** these **RNA components, they have the virus**. He confirms that **over 99% of Italy's claimed Covid-19 deaths** had other **previous or current serious health conditions**.

**VIDEO 2: Dr. Rashid. A. Buttar** talks about the levels of **toxicity in Wuhan** and refers to the following articles [\[10.08\]](#) [\[10.10\]](#) [\[10.12\]](#). **Protests** and **serious concerns** towards the **level of toxicity in the air in Wuhan** go all the way back to **2015** and that the **government** was **censoring people**. The **government** has claimed things to be safe many times and been caught out for it when **disproved**. The top **12 most toxic substances** were being **promoted** on commercials for over **50 years** which are now banned. The **FDA** had to recall what they considered to be safe numerous times e.g. **Vioxx killed a minimum of 55 000 people before they came off the market**. He links this to the **claims that 5G is safe** but **those who are scientifically educated know this is nonsense**. He talks about the **huge appeals by scientists** and **researchers opposing 5G**. [\[8.21\]](#) [\[8.22\]](#) [\[8.23\]](#) [\[8.24\]](#)

Referring to the article [\[10.14\]](#), he explains that most **EMFs** currently produced in **electrical appliances** are between **50 to 60 Hz** and that those produced from **mobile devices** operate at around **300 to 900 Hz**. **5G is claimed to be 30 to 300 GHz**.

**Video 3: Dr. Rashid. A. Buttar** explains that when the **CDC** tries to **determine a cause of death**, they send out two teams: The **Infectious Disease Team** and the one that **we don't hear about** is the **Toxicological Team**. **Why?** If it's a **toxicological issue**, an **industry or corporation will be held responsible** for the **exposure or leak of that toxicity**. If you **blame** the deaths on some **virus or pathogen**, it becomes a **natural cause**. He refers to a [PDF document](#) that was taken down from many sites. Referring to [\[10.16\]](#), he gives a brief history of coronaviruses, how they came to be etc.

Referring to [\[10.18\]](#) he said that this **new** claimed **virus is not a naturally occurring phenomenon**. The study [\[10.20\]](#) **apparently proves so**.

He quotes 'This new virus was created at the **University of North Carolina at Chapel Hill**, ([they published the highlights of their creation in November 2015](#))... when you look at the list of "scholars" associated with this... virus, you'll see the name **Zheng-Li Shi**, who just happens to represent...Key Laboratory of Special Pathogens, Bio-safety **Wuhan Institute of Virology**...'

"From 2014, **Shi Zheng-Li** was the **recipient** of a number of **US Government grants** as well as grants from the **National Basic Research program of China**... funding research **into coronaviruses**."

'They **reverse-engineered** the genetic coding inside the **SARS virus** itself (carried by bats). They then **inserted additional proteins** to **enhance** the **efficiency** of the **virus** inside **human lungs**, while at the same time making it **extremely difficult to vaccinate against**... (Please note the receptor designation **ACE2**)'. **Why create a more efficient virus?**

'As they say in the **2015** paper, they created a "hybrid virus" which is far more deadly, and **can't be vaccinated against**. Their new **DNA genetically engineered virus** constitutes a **gain in pathogenesis**. That's a **gain of function right there**; they admit it. **Pathogenesis** means **lethality** and **infectiousness**. **Dr. Shi** learns how to perform "**gain of function**" operations within viruses, and then she returns to her post in **Wuhan, China**.'

With the outbreak of **2019-nCoV**, **Dr. Zheng-Li Shi** is one of the **authors** that published the [Zhou Paper](#) on **January 23rd, 2020**, stating that it is "**of probable bat origin**," and "Pairwise protein sequence analysis... show that this virus belongs to the species of **SARSr-CoV**... the same cell entry receptor - **angiotensin converting enzyme II (ACE2)** - as **SARS-CoV**." **The doctor implies she helped create it**. (We already know that **neither SARS-CoV** nor **2019-nCoV** have been properly **isolated**)

'Article [\[10.22\]](#) published in **2015** titled: 'New **SARS-like virus** can jump directly **from bats to humans**, no treatment available. Sourced from the **University of North Carolina at Chapel Hill** where **Dr. Zheng-Li Shi** was working.'

Nature Article [\[10.24\]](#): **Editors' note, March 2020**: 'We are aware that this story is being used as the **basis for unverified theories** that the novel coronavirus causing Covid-19 was **engineered**... scientists believe that an **animal is the most likely source** of the coronavirus.' **Dr. Rashid. A. Buttar** disproves this **statement** completely.

In **October 2014**, the US government imposed a moratorium (a cease) [\[10.24\]](#) on federal funding of such research on the viruses that cause **SARS**, **influenza** and **MERS**.

'The **US NIH (National Institutes of Health)** allowed it to **proceed**... says **Ralph Baric**, an **infectious-disease researcher** at the **University of North Carolina at Chapel Hill**...'

**Anthony Fauci** literally **broke the law**. **The doctor** concludes that the alleged **Covid-19** was **made in the USA** and released in **Wuhan**. **Anthony Fauci** funded **HIV studies**, and talked about the **viral causation** of **HIV three years prior to anyone claiming to have seen the virus**, says the doctor.

He reviews the article [\[10.26\]](#) titled '**First related Covid-19 death reported in San Antonio**' and shows an **outraged family member** who said '**she actually died from Alzheimer's** that she had for **12 years** and a case of **aspiration pneumonia** that worsened her state.'

He refers to **Senator Rand Paul's** tweet stating **'We absolutely must, must resist government running amok taking advantage of crisis .This is how your liberty dies...'**

He concluded with **'Don't be paralyzed by fear because that's exactly what they want with this hype. The RT-PCR Test is ridden with false positives.'**

**VIDEO 4) Dr. Rashid. A. Buttar goes through 5G, its links to Covid-19 and how harmful it actually is.** He refers to highly technical article [\[10.28\]](#) of **PHD level biology**. Majority of this will be covered in the [5G Document](#) (coming soon)

**'Non ionizing radiofrequency leads to DNA damage and oxidative stress leading to many myriads of health conditions. Most of the studies on biological effects of radio frequencies identified the ability to regulate calcium ion channels as the main mechanism affecting oxidative stress'** **'Radio frequency has been demonstrated to induce calcium ion efflux ....'**

**Dr. Rashid. A. Buttar says Calcium in the wrong places is pathognomonic** (sign or symptom) for **cancer and for apoptosis** (death of cells which occurs as a normal and controlled part of an organism's growth or development). **The uncontrol of cellular proliferation and suppression of apoptosis is essentially the definition of cancer.**

**'The alleged Covid-19 and other coronaviruses like SARS-CoV encode proteins known as envelope proteins that can modify host cell membrane permeability in order to gain entry into host cells... These proteins are able to form ion channels to induce membrane permeability changes...'**

**'The successful invasion by coronavirus envelope proteins as a result of membrane integrity already severely compromised from constant exposure to EMR is analogous to the role of the Trojan Horse in the fall of Troy.'** This is basically saying **5G helps the accessibility of envelope viruses such as coronaviruses to cells and allows them to get into the cells easier.**

**'It is possible that the deployment of 5G technology exacerbated the vulnerability to attack by Covid-19. However, the bulk of evidence presented points to the fact that all frequencies of EMR from those of the sun, to basic electricity, have the ability to alter membrane potential.'** Yes, this is at **50 to 900 Hz; imagine 30 to 300GHz** said the doctor.

They will continue to **create this global microwave** with **5G** which makes the **cells more permeable** by **altering calcium channels** by adjusting the **Voltage-Gated Calcium Channels** (VGCCs) allowing more **toxins** and **substances** to **travel through the cell membrane**. It causes an **influx of calcium intracellularly** which becomes **pathognomonic**. In **cancer** there is a **suppression of apoptosis** (allows cells to commit suicide - program cell death) which is **caused by the efflux of calcium into the cells - Influx. 5G changes cell membrane permeability** and **allows for efflux of enveloped viruses to come in and out**. The Doctor is basically saying that **5G works** hand in hand with **Covid-19** making our **cells more accessible** to it.

He refers to [\[10.30\]](#) **'Urban testing ground for the first full-scale deployment of a 5G network was the Chinese city of Wuhan, the epicenter of the Coronavirus'**

Referring to articles on [\[10.32\]](#) [\[10.34\]](#) **Iran's involvement** to be **pioneers in 5G technology** and articles [\[10.36\]](#) [\[10.38\]](#) [\[10.40\]](#) on **Italy's involvement** to be **pioneers in 5G technology** that tell us both **Italy** and **Iran** were **rolling out 5G**.

He says **5G** was **potentiating** the **health issues** and that are being blamed on **Covid-19** and that it's a part and **combination of both**. He then links this to the fact that the area between the state of **Virginia** and **West Virginia**, being a **National Radio Quiet Zone** [\[10.42\]](#), had the **least number of reported Covid-19 cases**.

He exposed the **FCC and refers to** [\[10.44\]](#) '**December 2019, the FCC adopted the recommendations of expert organizations that have reviewed the science and reaffirmed its safety standards on a unanimous and bipartisan basis...**' '**...there is no evidence to support that adverse health effects in humans are caused by exposures at, under, or even in some cases above, the current RF limits. Indeed, no scientific evidence establishes a causal link between wireless device use and cancer or other illnesses.**' This is a **straight up lie**, **5G is causing deaths** because it **rapes the immune system** but **they created a virus** so the **industries cannot be blamed**, **said the doctor**.

In the studies of the **new virus** being made they said that **vaccines are useless against it** so he concludes that the **vaccines they're making have hidden agendas**.

**VIDEO 5: Dr. Rashid. A. Buttar says:** '**There is no need to worry about Covid-19 because it is not dangerous, it hits and it's gone, if it doesn't have effects in the first few hours it's going to be harmless, it has a very short limited ability.**' He then compares how many claimed to be dying from **covid-19** in ratio to the **common flu (less)**.

He refers **Dr. Thomas Cowan's** video [\[10.46\]](#) in which **Dr. Cowan** refers to the book '**The Invisible Rainbow: A History of Electricity and Life - Arthur Firstenberg**' '**every time we have dramatically changed the properties of the earth's magnetic field due to new technology being introduced and put in place to the public we have, it had dramatic effects on health.** **Dr. Cowan** says that **viruses** are simply **excretions of a toxic cell** and occur when the **cell** is **poisoned**. He then goes ahead and mentions **exosomes**. **Dr. Cowan** says that in **every pandemic** in the **last 100 years since 1918**, there has been a **quantum leap** in the **electrification of the earth...**

**Dr. Rashid. A. Buttar goes into Media corruption.** He **exposes** the **same exact footage of an emergency room** being used to represent an ICU in **New York and in Italy** on **different news channels**. He shows lots of footage, from **America, Germany, Italy** etc of people exposing **that hospitals are not in situations that the media claims**. He shows a message from one of his Italian followers who explained that his **relatives died of clear other causes but was labeled as a death caused by Covid-19**. The doctor exposes pictures used by the media as the one of **coffins** to portray the devastation in **Italy** when it was **actually a picture from 2013**.

He said people **watch** the **news** to **inform** themselves, **but they are** being **fed disinformation** which **manipulates their behavior!** **Trump** says at a press conference that he is doing his best to provide **extra ventilators** but yet people **claim that hospitals are ghost towns**. The doctor's **conclusion:** '**They are scaring you with misinformation so you accept getting vaccinated! Fauci is lying so their agenda can be met.**'

He refers to the **CDC** guidance for **certifying Covid-19 deaths** [\[10.48\]](#): '**It is important to emphasize that Coronavirus Disease 2019 or Covid-19 should be reported on the death certificate for all decedents where the disease caused or is assumed to have caused or contributed to death.**' '**If the decedent had other chronic conditions such as COPD or asthma that may have also contributed these conditions can be reported in Part II.**'

He says **Covid-19** is always in the **primary part no matter the cause of death**, it's a **misinformation campaign in order** to have **catastrophic effects**, get people **vaccinated** and **change the world drastically**.

**Dr. Rashid. A. Buttar** plays a video of a doctor who says that the claimed **virus is very weak** and that **Vitamin C** is said to **kill it**. This doctor says that there are **many patents** for **coronaviruses**. For example, **patent [US2006257852](#)** which was applied for in **2006** by **Chairon** and bought by **GlaxoSmithKline [\[10.50\]](#)** (Bill & Melinda Gates foundation) specialized in **vaccines**. There are also many **EU patents** on **coronavirus vaccines** such as **[EP3172319B1](#)** applied for in **2015** and **granted** in **November 2019**. This doctor says that the plan is to use this **vaccine** as a necessity in order for people to **go back to school or work**.

**Dr. Rashid. A. Buttar** carries on to say that if you have **a good immune system**, you have **nothing to worry about**. He exposes **Bill Gates** as a **liar** who praises **Fauci**, a **corrupt** man along with **Tedros Adhanom (director of WHO)**

He talks about the EU **patent** for **coronavirus [EP3172319A1](#) [\[10.52\]](#)** owned by **THE PIRBRIGHT INST [GB]** which is owned by **Bill & Melinda Gates foundation**. He says there are a vast number of other **patents on coronaviruses** such as **[EP15750093A1](#)** granted on **20/11/2019**.

Maybe **Bill Gates** patents all of these **coronaviruses** as an excuse to **develop more vaccines?**

**The doctor finishes by saying that during lockdown**, you're prone to **watching more TV** and getting **more entrapped** by the **scam**. They will continue to **create** this **global microwave with 5G** which **rapes** the **immune system**, making our **cells more permeable** and can lead to **oxygen deprivation** at **60 GHz**.

**DR. SHIVA. AYYADURAI**

A world-renowned systems scientist who holds four degrees from **MIT** and a **MIT PHD** in **Biological Engineering**, His website: [\[10.54\]](#)

[\[10.56\]](#) [\[10.58\]](#) **Dr. Shiva** says that **pharmaceutical companies** were making **less money from drugs** due to the **regulations** being **pressured** by the **public** on the **FDA** so they **moved** more **towards vaccines which do not have stringent testing standards**. There is such a thing as **vaccine courts** under **health and human services**. **Congress** gave **indemnification** to **vaccination manufacturers in 1986**, they **can't be sued** and the **maximum liability of death is \$250 000 (\$4.2 billion has been paid out up till October 2019 in the US alone and that's taxpayers money [10.60])**. 'As an **MIT PHD in Biological Engineering** who **studies and does research** nearly every day on **the immune system**, the **coronavirus fear mongering** by the **Deep state** will go down in history as one of the **biggest frauds to manipulate economies, suppress dissent and push mandated medicine**.' He says that we have **around 380 trillion** viruses in our body called the **virome**. He says that there seems to be **different strains**, particularly in **Italy** and **Wuhan**. He talks about the **Chinese incinerators** and about **cytokine storms killing you** due to a **weak immune system which is** due to **daily consumption** of **refined sugar, unhealthy habits, and radiation** such as **5G etc**. He said people should be taking in the **sun's Vitamin D** which is good for the **immune system** instead of being **locked inside** and the **media only talk** about this **virus** but **not the immune system**. He said if there is a virus we should **focus** on **boosting the immune system** and **improving health**. He talks about **Monsanto** and the horrible detrimental **GMO crops** they produce (**Bill gates** is a **major investor of Monsanto**). He says that **more** people **die** from the **flu** and that **restrictions** will be put in place **unless** you get **vaccinated...** The **Pharmaceutical industry** and **media work very closely** together. He said that it's all about **control** and **injecting vaccines, creating the problem** or **the illusion of having one** and **providing a solution** that fits their **agenda** instead of **attacking the roots** such as **the immune system and that** no academic at **MIT** or **Harvard** will say anything because they **owe** their **grant money** to people like **Fauci**. He exposes **Bill Gates** accuses **Anthony Fauci** of being a **criminal**. He says that although **Trump** knows more or less what's going on, he **can't really do** something about it because of those who **surround him**. He says that the **deep state** manipulates the system according to their **agendas**. They want to go **cashless** and **run a digital currency only** where **everything** is **tracked** and **monitored**. **5G** gives the opportunity for **AI to monitor everyone**. He concludes that we must **kill** the **corruption** part of the **system** because it **affects our food, air and lifestyle with negativity**.

## OUTCOMES & EFFECTS

**ECONOMY:** Millions are losing their *jobs, businesses* and *start-ups* are going *downhill* and the *economy* is *crashing*. *Oil crashed* and went negative and nearly hit *-\$40*, so people who were on the *May contract* (around *\$22* a barrel); had to *pay* nearly *double* the *money* they *initially invested* [\[11.0\]](#). This is how so many people *lost* their *homes* in *2008*. You sign a contract to pay *\$1000* a month for the next *4 years*, then the *market crashes*, *unemployment rises*, *wages drop*, the *value* of things *drop* significantly, you *can't pay* off your *debts*, your *loans* and your *rent*. However, this is irrelevant if you signed a contract. This is how people lose everything including their property and become even *more dependent* on the *system*. This is currently happening to many people worldwide. Think of the vast number of people worldwide who are *suffering*, some will *potentially die*, especially those in *third world countries who survive on a day to day basis*. Does the *government care*?

*Big corporations* are able to *expand* due to their *financial power*, leading to even *more power, influence* and *control*, [\[11.02\]](#) which is what the *Elite* want. Most major corporations such as *Amazon, Google, Facebook*, and those in *Silicon Valley* are *all assets of the Deep State*. Have you noticed that *mainly only major corporations* are still *operating*? Would it not make sense that a *virus* is *less likely to spread* in a small local shop where there are less people as opposed to large supermarkets such as *Costco* or *Walmart* that have a lot of *activity*? *Small business owners* are being *jailed* over *lockdown* while criminal *sex offenders* are being *released*! [\[11.04\]](#)

Now that *China's figures* are *miraculously disappearing* (stop scamming the figures), their *economy* is up and *running* again and they will *buy large amounts of shares, stakes etc* of the *western economy* for *dirt cheap* even though at the *deeper level*, *China* and the *Western world* are *connected*. *China*, the *blueprint of manipulation* and *control* for the *Elite* were *praised* for their level of *authority, censorship* and *control* and the *western world followed* as predicted by a *Rockefeller* document made in *2010* [\[11.06\]](#) [\[11.08\]](#) (the document went through a series of various scenarios, one being a flu like pandemic. Contrary to common perception, the *Elite* (the *Morgans*, the *Rockefellers*, the *Rothschilds* etc) are *not chasing money*; they simply use it as means of *attaining domination of power* and *control*. We already live in a *debt based economy* because of *fractional reserve banking* in which banks *make money out of thin air* by *lending 10x more money* than they actually *have*. Essentially, *nearly every person* is *directly* or *indirectly* (via government debts) *a debtor to the bankers*. The *Elite* *only* want their private *corporations masquerading* as *federal entities* such as the *Federal Bank of America* and *Bank of England* to *rule our money supply and hence our lives*. As a result of this crisis, *governments* will be even *more indebted* to the '*Big Boy Banks*' as they print *out money* out of thin air, depreciating its value and *buying out all the bonds*, hence garnering more *influence* than ever. Watch [\[11.10\]](#) [\[11.12\]](#) and visit [\[11.14\]](#) to have a deeper and stronger understanding of our economy and its history.

**UBI** - A large majority live pay check to pay check and *Universal Based Income* will become increasingly difficult to refuse due to the *lack of jobs*, which are being taken over by *AI* and *technology*. *UBI* can *only be accepted* in a *situation* such as the *one created*. It will *increase* the population's *dependency on the system*. It is almost certain that *UBI* will try to be fully imposed and would only compensate for a survival mode lifestyle. At first, everyone is happy, however, the *strings attached will slowly start to appear*. Are you *vaccinated*? Have you received the latest *quantum tattoo*? Oh sorry, *no* more *UBI* for you until you *acquiesce* to *authority*! *All these agendas are stepping stone processes*. In every step implemented, people become *adjusted* and the *next step is less evident*.

**UBI** has already started; the **UK** government is paying **80%** of people's wages [\[11.16\]](#). Many countries have been running **UBI** system tests in preparation for the past years. Even the Pope demands **UBI** [\[11.18\]](#). The **Elite** have been waiting to **cause** this **economic catastrophe** so that they could **intercept** and come up with '**solutions**' which will **not be in favor of humanity**.

**Cashless Society** - **Tedros Adhanom**, ([Ros & Fauci document](#)) director of the **WHO** warns the public that **cash** could **spread the virus** [\[11.20\]](#). **How** do they **benefit** from a **cashless society**? **Control** in simple terms, no one will be able to make **transactions** without them **knowing**. They will be able to **monitor every** movement you make via your payment and **prevent** access to your money **if necessary**. Vast amounts of businesses and countries are steadily not letting you pay with cash such as **Australia, China etc** and have started imposing cash limits. **Banks** are becoming more **severe** on **withdrawals**. **China** is literally **burning millions** worth of cash [\[11.22\]](#) [\[11.24\]](#) [\[11.26\]](#). They were already **planning to go cashless** but these turn of events are simply **fuel** to **accelerate all** these **premeditated agendas**.

**New Payment System** - The **new economical system** will go hand in hand with **AGI** which will be **dependent** on **5G technology** and its **smart grid system**. People will **pay** with **implanted microchips**; this has already begun in countries like **Sweden** and **Estonia**. This new system will easily be **regulated and restricted** with **AI algorithms** that will utilize the data and **information** being **tracked** and **interconnected** via the **5G network**.

**Bill Gates makes his entry in this arena with Microsoft's new Patent 060606** [\[11.28\]](#) [\[11.30\]](#). The first application was filled in **September 2018 and** became public on **March 26th 2020**; it's basically a **cryptocurrency system** in which people are **microchipped** with a **numbered cryptocurrency wallet**. You'll be **monitored** and **communicated** with over the internet (**5G**) via these **microchips**. Your **UBI** which is almost certainly going to be a **centralized cryptocurrency** such as [Facebook's Libra cryptocurrency](#) ([\[11.32\]](#)[\[11.34\]](#)) It's fully **private, controlled, centralized, verified** and **authorized** by a small number of **permissioned nodes - run by the usual suspects**. There is nothing **crypto** or **blockchain** about it) will be transferred to your **biometric wallet**. **You will be allocated credits scores and cryptocurrency** based on the **body's movement, physical compliance, labor, acquiescence and** doing certain tasks sent to your phone **etc** [\[11.36\]](#). The **sensors chips** will be able to **monitor your brainwaves, your heart beat etc**. This is all connected to **Bill Gates'** other **initiatives** such as **his vaccines, quantum tattoos, ID2020 etc**.

**RNA & DNA VACCINES & DIGITAL ID:** **Vaccines** are a huge **complex topic** ~ [\[Gates & Vaccines Document\]](#) - **coming soon**. I **recommend you** to **watch** the following: **TTAV2020** part 1 & 2 [\[12.0\]](#) [\[12.01\]](#), **London Real TV** interview - **Dr. Judy Mikovitz** 1) [\[12.02\]](#) 2) [\[12.03\]](#) - **Dr. Buttar & 160 doctors** [\[12.04\]](#) - **Bobby Kennedy** [\[12.05\]](#) - **Dale Bigtree** [\[12.051\]](#) - **Dr. Sherri Tenpenny** [\[12.052\]](#) and a discussion on **DARPA** and **Bill gates** [\[12.06\]](#). **Read two vital articles** by **Whitney Webb**: one on how this crisis is accelerating **DARPA's Agendas** [\[12.07\]](#) and the other on **DARPA's experiments** prior to the **coronavirus outbreak** (bats, bioweapons and gene editing) [\[12.08\]](#). **Bobby Kennedy's** website [\[12.09\]](#) is brilliant for exploring the **history and effects** of **vaccine controversy**.

In a magazine (1997) [\[12.10\]](#), **Bill Gates predicted** the population would go **extinct** due to a **lung attacking virus**. **Bill Gates asserts** that **no one is safe** until **everyone** is **vaccinated** and that at least **7 billion people** must be **inoculated**. [\[12.11\]](#). He wants to **vaccinate** the whole world [\[12.12\]](#) yet he **refused to vaccinate his own children** [\[12.13\]](#) [\[12.14\]](#) (original deleted [\[12.15\]](#)). He **expects** the death rate of **1 in 10 000** totaling to around **7 million deaths** which he argues is a **little price to pay**.

**Bill Gates requires full immunity** for his **vaccine program** from **participating governments**. To fulfill this agenda, the **Bill and Melinda Gates Foundation** founded the **Coalition for Epidemic Preparedness Innovations (CEPI)** in **2017** with the **governments of Norway and India** along with the **World Economic Forum (WEF)**.

**Bill Gates** is **likely** to have **immediate access** to **India's 1.4 billion citizens**. **India** is already halfway there with its **Addhar program (biometric ID system)** which is a **perfect candidate** for an **upgrade with Bill Gates' biometric quantum tattoo** and **cryptocurrency**.

**Inovio Pharmaceutical's DNA vaccine** and **Moderna Inc's mRNA vaccine** are most likely to be used as the **new Covid-19 vaccine**. There are other programs e.g. **Australia's University of Queensland** and **German company CureVac** also working on the **new coronavirus vaccine** [\[12.16\]](#). These highly controversial **new Covid-19 vaccines** involve **genetic material and/or gene editing**.

All these **different companies** are working on **similar experimental vaccine technologies** as a way of **portraying the illusion** that there is **competition** and **choice**. However, it's going to be the **same vaccine** manufactured by different **companies** in different **countries**.

All four aforementioned **programs** are **funded by CEPI** [\[12.17\]](#). It is also not a coincidence that they all have very **close ties** and/or **strategic partnerships** with **The Pentagon's Defence Advanced Research Projects Agency (DARPA)**, **Inovio** and **Moderna**, in the field of **biotechnology** and **The University of Queensland** in the field **engineering** [\[12.18\]](#) and **hypersonic missile development** [\[12.19\]](#). In **2011 DARPA** invested **\$33.1 million** [\[12.20\]](#) in **CureVac** to develop their "**RNActive**" **vaccine platform**.

**DARPA** has been funding **millions upon millions** into research on **coronaviruses**, **specifically** those **involving bats**, **gene editing 'bioweapons'**, including **Inovio's & Moderna's DNA & RNA vaccines prior to the current crisis**. **DARPA's** and **Bill Gates'** interest into **DNA** and **RNA vaccines** go as **far back as 2010**.

**Inovio Pharmaceuticals' top funders** include both **DARPA** and the **Pentagon's Defense Threat Reduction Agency (DTRA)** [\[12.21\]](#) and the company has received **millions of dollar grants** from **DARPA**, including a **\$45 million grant** [\[12.22\]](#) to develop a **DNA vaccine** for **Ebola**.

**CEPI** funded **\$56 million towards Inovio's DNA vaccine program** for the **coronavirus** that causes **MERS in a 2018** [\[12.23\]](#). The **U.S. Army Medical Research Institute of Infectious Diseases (USAMRIID)** and the **U.S. National Institute of Health (NIH)** are also partners of the program.

**Inovio Pharmaceuticals** is the **only company** selected by **CEPI** with **direct access** to the **Chinese pharmaceutical market** through its **partnership** with **China's ApolloBio Corp** [\[12.24\]](#) which currently has an **exclusive license** to sell **Inovio-made DNA immunotherapy** products to **Chinese customers**.

**Inovio** not only has links with **Bill Gates** and the **Pentagon's agencies** but also with the **US military** which I shall come to later. However, **Inovio** has **never** brought a product to the **market** in the **40 years** since it was **founded**, despite all its past efforts and **funding** [\[12.25\]](#). Investment Research Firm **Citron Research** says that **Inovio's** claim to have designed their **Covid-19 vaccine** in only **3 hours** based on a **computer algorithm** is hard to believe.

**Moderna's mRNA treatments**, including its **mRNA vaccines**, were largely developed using a **\$25 million grant from DARPA** as far back as **2013** [\[12.26\]](#).

**Moderna Inc** is an **active partner** with **US National Institute of Allergy and Infectious Diseases (NIAID)** headed by **Anthony Fauci (Chief Medical Advisor to the Whitehouse for Covid-19 response)** and part of the **National Institute of Health (NIH)**.

**Moderna Inc**, **RNA vaccine program** for the current **novel virus** is in collaboration with the **NIH** [\[12.27\]](#) and is **funded entirely by CEPI**. Since **2016**, **Moderna's RNA vaccine program** has received **\$100 million** [\[12.28\]](#) in funding from the **Bill and Melinda Gates Foundation**. **Biomedical Advanced Research and Development Authority (BARDA)** (part of the **NIAID**) recently invested **\$483 million of taxpayer money** [\[12.29\]](#) alongside **Bill Gates' investments** to save **Moderna** on the **verge of bankruptcy** in order to create an **RNA vaccine** for **humans**. The **Gates Foundation** has since **invested millions** [\[12.30\]](#) directly into both **Moderna's** and **Inovio's Covid-19 vaccine** efforts.

**Inovio** and **Moderna** often tout about their **strategic alliance with DARPA** in **press releases** and on their **website**. [\[12.31\]](#) [\[12.32\]](#)

**DARPA backed Inovio DNA vaccines** and **Moderna mRNA vaccines** have been around for a couple years but have **never** been **approved** for **human use**, one reason being that they **don't generate** the **necessary immune response** [\[12.33\]](#). In order to **generate** the **immune response**, they are **combined** with **nanotechnology** [\[12.34\]](#). **DARPA** combines **nanoparticles** with "small **interfering RNA (siRNA)**", which are **snippets** of **RNA** that can **target** and **shut down** specific **genes**. The **Nanoparticles** are loaded up with the right **siRNA molecules** and sent directly to **cells** responsible for the **infection** [\[12.35\]](#).

**Inovio** utilizes **DNA nanotechnology** [\[12.36\]](#) in their line of **synthetic vaccines** branded as "**SynCon**". The **Inovio's "SynCon" vaccine** and **Moderna's mRNA vaccine** for the alleged **Covid-19** seems to be leading the pack [\[12.37\]](#). **DNA vaccines** contain **genetically engineered DNA** that causes the **cells** of the recipient to **produce** an **antigen themselves** as **opposed** to being **injected by vaccines** and **permanently alters a person's DNA**.

**Nanoparticles** used in **vaccines** can act as **tiny antennas** that will help **connect** you to **AI** via **5G** to **track, monitor** and **control**.

**Moderna's** first of its kind new **RNA vaccines** for **humans injects** a **snippet of the virus** carrying a **genetic code** in **synthetic RNA** which is designed to **alter** the **DNA** in **all** our **cells** to prompt the **body** to **produce antibodies** and have a certain **immune response**.

These **new vaccines defy nature**; it is **literally** the **genetic modification** of the **human body**. These **alterations in our DNA** will be **passed on** for **generations** as the **genetic changes** would **remain** in your **sperm**. This form of **gene therapy** which **changes** the **genetic material** of our own **cells** has **high probable dangerous consequences** and **immune reactions** due to the **foreign synthetic genetic material** in these **vaccines**. The **mRNA Vaccine** and **DNA vaccine's long-term human and environmental impacts** are **unknown** and will **remain unknown** by the time the **vaccine** is **introduced** to the **market**.

**RNA** and **DNA vaccines** use a **Gene Gun** [\[12.38\]](#) and **not** the **usual syringe**. This **Gene Gun** has three needles, the middle one being where the material flows through and the other two being **electrodes** that create an **electric current** inside of your cells (**Electroporation** [\[12.39\]](#)) causing **the cell membranes** to create **pores** so the **genetic material** can travel through.

Both **DNA** and **RNA vaccines** involve the introduction of **foreign** and **engineered genetic material into** a person's cells. **Past studies** [\[12.40\]](#) have found that such **vaccines** possess a **significant unpredictability** and a **number of inherent harmful potential hazards** and that **there is inadequate knowledge** to define either the probability of **unintended events** or the **consequences of genetic modifications**.

According to **Dr. Buttar** and other experts, the input of **synthetic RNA's implementations** could **only** be seen after several **years** and in **later generations**, making it **impossible** to **judge** the **true effects** and the **safety** of the **vaccines**.

Such **unproven technologies** need at least **10 years** to **test safely** and to **assess all health hazards** and other factors involved. **Bill Gates** has asserted [\[12.41\]](#) that the best options for a **Covid-19 vaccine** are **DNA** and **RNA vaccines** which are **skipping** normal **testing procedures** despite the fact that they have **never before been approved for human use** and have **no evidence** of being **effective**.

**Inovio**, **Moderna** and **all other vaccine manufacturers** e.g. **AstraZeneca**, **CureVac** etc have **skipped key animal trials** [\[12.42\]](#) and gone **straight** to **human testing!** (e.g. **Moderna** is only testing **45 patients** in **Phase 1/3 trials** [\[12.421\]](#), **Inovio** is only testing **40 people** in **Phase 1/3 trials** [\[12.422\]](#), **AstraZeneca** is only testing **1000 volunteers** in **Phase 1/2 trials** [\[12.423\]](#) ... **imagine** there is a **death rate** of **1/2000**, they will use the 'urgency' portrayed as an excuse).

The **volunteers** are **not allowed** to have **intercourse**, they are **clearly afraid** of the **exposure** that the **genetic changes** are **passed on** to the **next generation**. **DARPA's Biological Technologies Office** is set to have a **temporary vaccine** [\[12.43\]](#) for **Covid-19** available in a matter of weeks that will involve the production of **synthetic antibodies** which would **ostensibly** provide **immunity** for a **few months** until a **longer-lasting vaccine** such as one developed by **Moderna** and **Inovio's** is available.

**Coronavirus vaccines** are known to have caused a **paradox** known as **antibody dependent enhancement (ADE)** [\[12.44\]](#) [\[12.45\]](#). They have **shown** to give an **admirable immune response** but have tended to actually make you **more vulnerable** to **wild viruses**. There are **2 types** of antibodies, **natural antibodies** which **protect** you against disease, and **binding antibodies** which are **produced** as a result of **coronavirus vaccines** and **help** the **virus stick** to your **receptors**. This leads to your **cells** more **rapidly taking up** the **virus** and **speeding up** its **replication**, **increasing** its **infectiousness** and **virulence**. **Vaccines** such as the **flu vaccine** use **coronaviruses** inside of them, you are almost **certain** of **testing positive** for **Covid-19** if you've received **flu shot** e.g. **Italy**.

Very few know all the **true ingredients** implemented in **vaccines** but they are known to cause **horrific impacts** [\[12.46\]](#) such as **autism** and many other difficulties. They have **paralyzed and killed children** all over **Africa** and **Asia including Kenya, India, Philippines** etc [\[12.47\]](#) [\[12.48\]](#). **Gates** is **under investigation** by the **Indian Supreme Court** [\[12.49\]](#) for his **crimes against humanity** including the **illegal testing** of tribal children [\[12.50\]](#), and **thousands** upon **thousands** of **vaccine related deaths** and **devastating effects** including the **paralysis** of **490 000 Indian children** between **2000** and **2017** [\[12.51\]](#). **Italy** has already called for **Bill Gates** to be **charged** with **crimes against humanity** [\[12.52\]](#) [\[12.53\]](#) for the **deaths** due his current **vaccination program** around the **globe**.

**Vaccines do not prevent infection**; they inject **the blueprint of a virus** leaving your compromised system to try to deal with it. These viruses **don't go into the same cells as natural infections** which are **cells that have lock and key receptors** so that only certain cells can be infected when exposed to the virus (e.g. **upper respiratory tract** when exposed to **coronaviruses**). The **virus** in the **vaccine**, being made in **nanoparticles** can go **in every single cell without those receptors**, giving rise to many **health deficiencies**.

Yes, **vaccines** are meant to **educate** the **immune system** to **prevent** or **treat infectious disease** but in **actuality**, they lead to **more harm** than **benefits** and many are simply **unaware** of it because most of the time, the **detrimental effects** seem completely **disconnected**. **Pharmaceutical drugs** are then sold to 'help' these **side effects** which

**seem unrelated to the vaccine** and may develop in a week or years later **depending on the person**.

**Dr. Judy Mikovitz** says that all the **actual effects** seen by those who claim to have some type of **new virus** represent all types of **vaccine injuries**: an **increase in oxidative stress**, **a decrease in glutathione**, **cytokine storms**, **mitochondrial dysfunction** etc which all help **kill those with co-morbidities**.

In **vaccines**, they **mix animal tissues** (which have **coronaviruses**) with **human tissues**. For example in the **Priorix Tetra Vaccine (Measles, Mumps, Rubella)**: **Human Endogenous Retroviruses**, **Horse Anemia Viruses**, **Bird Leukosis Viruses** and **Human Fetal DNA** from **Aborted Fetal MRC-5 Cell Lines** etc **which all contribute towards cancer** which goes hand in hand with **immune dysregulation**. [\[12.54\]](#) [\[12.55\]](#) [\[12.03\]](#)

**Dr. Mikovitz** says that it's the **vaccines** that **will kill** the **vulnerable**. It's a **cover-up** for the **vaccine crimes using Covid-19 as the blame** which **seems to be triggering certain aspects of what's injected by vaccines**. For those who are **actually infected**, the **vaccine drives the disease making it worse**.

**Israeli scientists** in **Israel** (**main centre of control** alongside the **UK, US** and **China**) quickly responded to **Covid-19** stating that a **vaccine** will soon be in place. This **vaccine** comes from **Galilee Research Institution** which quoted 'they had chosen **coronavirus** as a model for their system as a proof of concept for their **biotechnology**' and then: **there was a sudden outbreak of that very coronavirus**.' They call it **pure luck**, how convenient? The same goes to **Event 201** which I shall come to later.

**Gavi - The Vaccine Alliance** was **founded** and **funded** with a seed of **750 million dollars** from **Bill Gates** [\[12.56\]](#) and is developing a system of **electronic tagging** known as a **quantum tattoo** [\[12.57\]](#) (**Human Implantable Quantum Dot Microneedle Vaccination Delivery System** [\[12.58\]](#)) to know **whether or not** you have been **vaccinated**. **ID2020** (backed by the **Rockefeller foundation** and the **United Nations**) will go hand in hand with this **digital chipped quantum tattoo** which will be used as a **biometric system** and will also have **birth control implementations**. [\[12.59\]](#) [\[12.60\]](#) [\[12.61\]](#)

In his reply to the question: 'How should we determine which businesses should stay open?' **Bill Gates** said: 'eventually we will have some **digital certificates** to show **who has recovered** or been **tested recently**, or when we have a **vaccine**, **who has received it**.' [\[12.62\]](#)

The article [\[12.63\]](#) titled '**Microsoft, the ID2020 Alliance, universal digital identification and you**' states: 'According to the Alliance's Governance material, by **2030** it aims to have **facilitated the scaling of a safe, verifiable, persistent digital identity system**, consistent with the Sustainable Development Goals agreed upon by the **United Nations**. Its short-term focus toward that goal is the **development and testing of the best technological solutions for digital identity**; and working with governments and other entities...' The **blockchain** based **ID 2020** will undoubtedly be **converged** with a **cryptocurrency** and a **quantum tattoo** to **monitor your day to day activity**.

They are already **forcing biometric systems** on **refugees** in order to **access food, shelter and aid** as well as their **rights**! **Refugees** from **Middle Eastern** countries are being **forced** to enroll in **ID2020** [\[12.64\]](#). **The United Nations** helped log over **one million people** in **Uganda** with these **new systems** and agreed to **mandatory biometric IDs**. The **United Nations** and other **countries** are **enforcing mandatory Biometric IDs**. Unfortunately, we are heading towards a **dystopian world** in which **privacy will no longer exist**. [\[12.65\]](#). Check out [\[12.655\]](#) for updates on **biometric systems**.

These **biometric systems and wallets, digital and quantum ids, microchipping, vaccination** etc will all be linked with **identifying yourself** and **accessing certain rights** such as **travelling, making payments** and even **socialising with other people, similar to China**.

They have been **fined** over **£750 million** due to **fraudulent activity** and many other **outrageous scandals** in the past. Of course, they have **very close ties** with **Bill Gates** via the **Bill and Melinda Gates Foundation** and **Microsoft** [\[12.67\]](#). They are also part of the **DARPA program** [\[12.68\]](#). **AstraZeneca** have received **\$1.2 billion** from **BARDA** [\[12.69\]](#). They will be **backed** by the **WHO, CEPI, and GAVI (Bill Gates x3)** for the distribution of their **vaccine**. It is **always** the **same usual suspects** involved.

**Bill Gates** has managed to **fund** (about **£1 billion** in total) almost **every member** of the **claimed independent UK vaccine alliance** including **UK chief medical officer, Chris Witty (£31 million** [\[12.70\]](#)). Those who have not been funded, **answer directly** to someone who is [\[12.71\]](#). **Bill Gates will** make a total of **£45 Billion** from the **UK** alone with his **home testing kit** and **vaccine** which comes handy in **buying more influence** and **control**.

Recently, **Bill Gates** literally offered a **\$10 million bribe** to **Nigeria** for a **speedy passage** of a new **compulsory vaccine bill** [\[12.711\]](#) [\[12.712\]](#).

The **WHO (Bill Gates)** has also **offered** a **\$20 million bribe** to **Madagascar** to **poison** their new product '**Covid-Organics**' which is made from **Artemisia - a plant** imported into **Madagascar** in the **1970s** from **China** to **treat malaria** (like **hydroxychloroquine**). **Artemisia** has had **proven success against malaria** and according to **President Rajoelina** it can **cure Covid-19 patients** within **ten days**. There is a lot of **concern** around **compulsory vaccination**. [\[12.72\]](#) [\[12.73\]](#) Over the past several weeks, **efforts** have been taking shape in **many countries** to **enforce mandatory vaccines** [\[12.74\]](#). In some countries, it appears likely that the **Covid-19 vaccine** will **not** be made **mandatory** per say, but will be **required** for those who wish to return to any semblance of **normalcy** in terms of **public gatherings, working certain jobs, avoiding travel restrictions etc**. The **Bayh-Dole Act 1980** allows **government workers** to **patent** their own work such as **vaccines, tests and viruses** paid for by tax payer's money. **This is being abused for personal greed** and **megalomania by people such as Anthony Fauci**. Both **Gates** and **Fauci** have **patents** on **coronaviruses** and **vaccines**. They are also directing the **protocol** during this **crisis**. Anyone else see a **huge conflict of interest**?

**The 1986 National Vaccine Injury Compensation Act** in **US** leads to **liability removal** from **vaccine manufacturers**.

**The US Prep Act 2005**, put in the **federal register** on **March the 17th 2020** gives complete **immunity** for any **covered counter measure** while it's in place. Once you **start doing** your **independent research** and **connecting the dots**, it becomes increasingly clear where all of this is heading and that the **system** is **not on our side**.

**CENSORSHIP & SURVEILLANCE: Increased authority** and **draconian measures** such as regular **checkpoints** and the **military enforcement** potentially **becoming one** with the **police force** while getting the public used to **acquiescence**. We are slowly **losing our rights** and will continue to do so as **new laws** are **passed** which are **not mentioned** by the **mainstream media**! **Monitoring** (drones and sensors [\[13.01\]](#)) and **imposing restrictions** with new **biometric systems, AI and 5G**.

**Autonomous cars** are able **monitor and restrict** your movements. **Uber** will expand once everything is in place and aims to only use **autonomous cars** which are **dependent** on **AI, 5G** and **electric cars**. United Nations aims to ban all **petrol** and **diesel vehicles** by **2030**. It was said that **China** would lead the **exemplar reaction** and the rest of the **world** would **follow** (Remember the **2010 Rockefeller foundation document**). It talked about the **information given** to the **public**; that those **questioning** and **opposing** the **official narrative, vaccines etc** had to be **silenced & censored**. **Mark Zuckerberg** announced that he will give out **free advertisement**

for the **WHO** and would **cancel all alternative propaganda** which is clearly being done by **algorithms** [13.24]. The **WHO** gives out all the **policies** on **Covid-19** and is one of the **driving forces** of this **crisis**. **Bill Gates** is the **WHO's** leading **funder** (via **CEPI** and the **Gates Foundation** etc) which was **founded** by the **Rockefellers** and the **Rothschilds**.

**Mark Zuckerberg** said **Facebook** will **ban anyone** involved with '**false information**' and **lockdown protest** [13.26] [13.28] [13.30]. Even the **UK 77 military brigade** are **countering** what they **claim** to be **misinformation** [13.32]. **YouTube** and **Facebook** are even censoring people giving real **health advice** that **isn't approved** by the **WHO** [13.34]. The corrupt man **Tedros Adhanom** [13.36] is the first **WHO director** in history who is not a medical doctor. He worked on **HIV** with the **Gates Foundation** when he was a **government minister** in **Ethiopia**. **Why is Bill Gates** [13.38] **narrating what we should do?** Since when is he a **medical doctor?**

Please **do not trust** any of these so called '**fact checkers**' such as **snopes.com**, **politicifact.com**, **factcheck.org** etc. They are the **most biased** and **dishonest websites**. They all have links to the **Democratic Party** and **Elite (Clintons, Obama, George Soros, Mark Zuckerberg, Bill Gates** etc ~ **Deep State**) [13.381] [13.382] [13.383] [13.384] [13.385]. **Snopes** also has links to the **evil company Bayer/ Monsanto** ~ **Bill Gates** [13.386]. **Brilliant video:** 'who will fact check the factcheckers?' [12.387]

One of my **father's emails** was **censored** when he tried to send the link of the **UK Free People Alliance** [13.40]. My **Facebook** and **Instagram** were both simultaneously **deleted** because of my **story** in which I **expressed** my **opinion** regarding **Covid-19**. **Dr. Buttar's emails of love, compassion** and **support** got **censored**; he says that they **only** want **negative energy**. **Division** and **Fear** are **key in imposing power** and **control**.

**Data is the new Oil**. **Data** is **constantly** being **misused** to **predict** our **behaviour** so they can **target** certain **thoughts** and **manoeuvre** our **reactions** hence why it's so **valuable**. I highly recommend you to **watch Surveillance capitalism documentary** [13.42] for a **better understanding** of **how your data is used**.

**Google** has **algorithms** placed so that the **first page** appears with exactly **what they want you to see**. Search **Andrew Kaufman MD**, his site should come up but it **doesn't**, his videos amongst **thousands and thousands** of others have been **deleted** off of **YouTube** and **Facebook** [13.44]. **David Icke's channel** literally got **removed** from **YouTube, Facebook** and **Vimeo**; he has now been **banned from PayPal!!!** I tend to check the **3rd/4th page onwards** and always **cross check** with the **TOR browser** which I **highly advise for research**. I am distancing myself from **Google** and I **highly recommend you to do the same**. **YouTube's algorithms** are **insane**; a huge majority of **videos** that are a **threat** to their **agenda** are being **deleted** within **an hour or so!** As a result, **Bitchute**, a **peer to peer sharing platform** has emerged as a **new uncensored YouTube**.

Do you think they go through such **measures** because of some **nonsense**? **That David Icke, Dr. Rashid Buttar, Judy Mikovitz, Dr. Andrew Kaufman, Bobby Kennedy, Brian Rose** from **London Real** etc are constantly **targeted** because they're exposing **rubbish**? Just ask yourself, if what others are saying really is nonsense, **why censor them so desperately?** **People are literally being arrested for trying to exercise their freedom of speech!** [13.46] [13.48]

These **are four most basic civil rights** which have been guaranteed by governments around the world for hundreds of years. Wars have been fought over them, people have **died for this**.

The **First Amendment of the US Constitution** reads: 'Congress shall make no law prohibiting... or abridging the freedom of speech, or of the press.'

The **European Convention on Human Rights Article 10** states: 'Everyone has the right to freedom of expression. This right shall include freedom to hold opinions and to receive and impart information and ideas without interference by public authority and regardless of Frontiers.'

**The United Nations created in the Universal Declaration of Human Rights (UDHR) in 1948** which states in Article 19: 'We all have the right to make up our own minds, to think what we like, to say what we think, and to share our ideas with other people.'

Like many of you, **I hold these truths** to be self-evident, and believe they are the **reason we live in a free society that celebrates life, liberty, and justice**. Without this most basic freedom, everything we stand for will fundamentally be lost. If we cannot entertain and debate contrarian ideas in a public forum, **how will we progress as a society and a species?**

**Would we be the free-thinking society of liberty and justice of today?** I think not. It is only **because of Freedom of Speech** that we are able to consider all points of view, engage in a **healthy debate** and **move forward and take the most intelligent action**.

**People are waking up and they resonate with the truth so the system is afraid because they know the true power lies with us.**

**TECHNOCRACY:** With **5G, AGI, Biometric systems** and **Bill Gates' [14.0]** vaccines, **ID 2020, quantum tattoo [14.02]** (can **control** women's **menstrual** and **ovulation cycles [14.04]**), **Patent 060606, 5G investments [14.06]**, **data mining [14.08]**, **smart cities [14.10]**, **video surveillance satellites [14.12]**, **geoengineering [14.14]**, etc... We are **headed** towards a **Technocracy** in which **Technocrats** such as **Bill Gates** and **Elon Musk** will be **calling the shots** as we are **already witnessing**. The **parliament** got **cancelled** in the **UK** if you hadn't realized! You have **lost basic human rights** you were entitled to as a **citizen** living in a **free democracy**.

Here is an **absolute Must Watch** 4 part **documentary series report [14.16]** on **Bill Gates** and how he using this **crisis to accelerate** all of his **draconian agendas** and **population control**. It will give you **detailed insights** of how **everything is interconnected**. Here are 3 additional videos (10-15 minutes) on the **Gates family** that I thought were good: **[14.18] [14.20] [14.22]**. **Gates** also has many other **dark** and **pedophilic affiliations** which are **not explored above** (e.g. **charity** link to **Epstein, child porn** collected among **workers** etc...). Watch **[14.225]** (1hr 27min in) ~ a brief quick e.g. because this is **whole new horizon**.

**China** is a **blueprint** of a **Technocracy x Pathocracy**. **China** allocates **social credit scores [14.24] [14.26] [14.28]** based on your **behavior** and **social conduct** (sounds like **patent 060606** to me) which **affect your freedom**, such as **travelling restrictions, being able to participate in certain events etc**. **Millions** have been **banned from flights** and **national travel** due to their **credit score**. In **China**, you **cannot travel, check into a hotel...** without **scanning your phone** and certain **apps**. This is **currently ongoing** with the **Wuxi Health QR code** in which you are allocated a **green, yellow or red pass** which give you certain **travel restrictions etc [14.30]**.

**China has one surveillance camera for every 2 people [14.32]**. In **China**, as you **walk into a restaurant** once you've **ordered your food**, your face is **recognized** and a screen

will say welcome 'name' if your 'order #' is ready for collection. This is all part of the **new 5G** and **AI system** where **everything is connected** and **yet to come** to the **western world**. **AI** and **robots** will increasingly be **taking over jobs**.

**The UK Health Passport** is yet to be **imposed**. You will be allocated a numbered **V code**, using an **app**. Your status will be **red, amber or green**. This will be **accessible** to everyone except for the general public e.g. **health professionals** and **private companies** (airlines, leisure and sport centres, hotels, shops etc). They will have **access** to your **personal health status** e.g. if you have been **tested positive**, if you have been **vaccinated**, if you have any **illness**, if you have been **close** to **someone** that has been **tested positive** etc so that they can decide **whether or not** you can **do something**. This is the **end of privacy** and the **start** of an **Orwellian Brave New World**. It all **converges** with **patent 060606, ID 2020, quantum tattoo** etc [\[12.205\]](#)

This is a **prime example** of the **western world emulating China's mass surveillance system** and **tyranny** as recommended by the **NSCAI**. See how similar the **UK Health Passport** is to **Wuxi Health QR code**? It's **ironic** that **China** is known for **copying everything** but now we are **copying their draconian systems**. The **worst part** is that our **government** is selling this on the **pretext** of **protecting us**; the **easiest** way to **enslave** someone is by making them **believe** it's for their **own good**.

**Soros, Bezos, Musk, Gates, Zuckerberg, Page...** are **technocrats** and **front men** part of the **Elite (Rockefeller, Rothschilds, and Morgans etc)**. They **disguise** their **investments** as '**philanthropy**'. **Elon Musk** said in an interview that **AI** will do more and more of the **thinking** [\[14.2\]](#) [\[14.21\]](#) [\[14.22\]](#). Those **who will control AI** will in turn **manipulate** and **influence** our **thinking** and **behavior**.

The **National Security Commission of Artificial Intelligence's (NSCAI) Interim report 2019** [\[8.34\]](#) implies that the western world **must beat China** in terms of **Artificial Intelligence** and **technology** by implementing the same **dystopian measures**. A brilliant analysis of the **NSCAI Report** by **Whitney Webb**: [\[8.35\]](#)

**An ongoing Court case** against: **Rockefeller Foundation, Barack Obama, Hillary Clinton, World Bank, Larry Page, Mark Zuckerberg, Elon Musk, Jeff Bezos, Bill Gates, George Soros....** Filed **19th December 2019** [\[8.36\]](#) ~ Refilled **26th February 2020** [\[8.37\]](#) by **Cyrus. A. Parsa** who has investigated **over 1000 biometric, 5G and AI companies** and has some vital information to be aware of. You should be **seriously concerned** with **AI, AGI** and **5G**. Visit his **site** [\[8.38\]](#) watch his **videos** [\[8.39\]](#) and read his **book** [\[8.40\]](#).

Two **articles** I highly recommend by **Whitney Webb** on **DARPA**: [\[12.07\]](#) & [\[12.08\]](#)

**FOOD CHAIN:** Our **food chain** is being **disrupted** and is in **serious danger**. **Governments** are literally **shutting down producers** and **incentivizing** them buying them out [\[15.0\]](#). Many producers worldwide are being **forced** to leave their **crops to rot**, to **euthanize** their **animals** and to **throw away** their **dairy products** [\[15.02\]](#).

**Farmers** are **unable** to get their **produce** to the **consumers** due to all the **restaurants that are no longer in business** [\[15.04\]](#) [\[15.06\]](#) [\[15.08\]](#) and the officials saying that it **helps stop** the **spread** of **Covid-19**. **Agriculture price commodities** have **significantly dropped** [\[15.10\]](#). **Twitter** is **censoring** talks on **food shortages**. **Shad Sullivan**, a huge **food manufacturer**, exposes [\[15.12\]](#) that he is being **forced to euthanize** his **animals** while the country is simultaneously **importing lower quality** and **less regulated products**. They **cannot fully control us unless** they **control all the food supplies**. These outcomes were

predicted in *Gate's Event 201*, they have been **preparing** for this. These events are in line with the *UN's IPCC land use and food production regulations* [\[15.14\]](#).

**Gates' has a finger in every pie, he was** a huge **investor** of **Monsanto** which has merged with **Bayer** who develops and **patents genetically modified seeds, force them upon farmers through government lobbies**, and **destroy the lives of farmers and their families by forcing them into debt**. More than **80%** of Africa's seed supply comes from millions of small-scale farmers **recycling and exchanging seed from year to year**. But **AGRA (Alliance for a Green Revolution in Africa)**, part of the **Gates foundation**, is **promoting the commercial production of seed** and is thus **supporting the introduction** of dangerous **commercial (chemical-dependent) seed systems**, which **risk enabling a few large companies to control seed research and development, production and distribution**.

This has led to a divesting amount of **Indian farmers committing suicide** [\[15.16\]](#) [\[15.18\]](#) as they were **forced into debt** [\[15.20\]](#). **Bill Gates** has been **funding synthetic lab grown meat** using **meat cells since 2016** [\[15.22\]](#) (also involves **lab-produced breast milk** [\[15.221\]](#)) and now has come the time to **harness his investments** [\[15.24\]](#) [\[15.26\]](#). This will be **portrayed** to be in **our favor**. But, if **Bill Gates' name is involved**, we should **all be concerned** [\[15.28\]](#) [\[15.30\]](#) [\[15.32\]](#). Here are some videos [\[15.34\]](#) [\[15.36\]](#) [\[15.38\]](#) which expand upon this aspect. The website [\[15.40\]](#) has been doing good analysis on **Bill Gates** and his involvement with the **food industry**. **We are to expect food shortages**; this will go in hand in hand with the agenda of **controlling our food supply** with **GMOs** and **synthetically lab grown meat**.

**LOCKDOWN:** People are **locked inside** in **fear** and in **acquiescence**. You are prone to watching more **TV** leading to more **perception control** and **conditioning**. Your **reptilian part** of the **brain** kicks in so you **don't think things** through **properly** or **question the continuous official narrative** you're being fed. **Lockdown** is causing the loss of **millions of jobs** and the **destruction of hundreds of thousands of businesses** causing **huge** amounts of **stress, fear** and **negative energy**.

**Self isolation effects** have led to a **rise in child molestation, spousal abuse, drug abuse** [\[16.0\]](#), **suicide** [\[16.02\]](#) [\[16.04\]](#) [\[16.06\]](#), **economic collapse, less medical staff, unemployment etc.** A **2013 NHS study** confirmed that **self isolation** has a **significant relation** with the **mortality** in **old people** [\[16.08\]](#) [\[16.10\]](#). The book [\[16.12\]](#) and many studies [\[16.14\]](#) talk about the **huge rise** in **deaths** as a **consequence** of **unemployment**. There has been a **rise in stress, heart attacks, depression** and other **psychological effects** which are all **low vibrational states** [\[16.16\]](#). **Lockdown** has **created** an **unprecedented mental health** [\[16.18\]](#) [\[16.20\]](#) and **domestic violence crisis** [\[16.22\]](#) [\[16.24\]](#) [\[16.26\]](#) by **forcing people to stay at home**. There has been an **increase** of **patients** in **mental hospitals** and people who go to **prison**.

**GPs** are seeing their **urgent referrals not taking place** due to **hospitals disproportionately diverting all attention on Covid-19**, to the **detriment** of all other **life-saving treatments** [\[16.28\]](#). The **devastating restrictions**, which have been severely **challenged** by leading and renowned **epidemiologists** and **scientists** such as **Dr. Johan Giesecke** [\[16.30\]](#) [\[16.32\]](#) [\[16.34\]](#) [\[16.36\]](#), **Professor John Ioannidis** [\[16.38\]](#) and **Dr. Knut Wittkowski** [\[16.40\]](#) [\[16.42\]](#) [\[16.44\]](#) who quoted 'Going outdoors is what stops every respiratory disease' all suggest that **locking down** is completely the **wrong approach** and will cause more **economic damage** and **non-direct deaths** than the **virus** itself. Not a **single aspect** of this **lockdown** makes **logical** or **scientific sense**. It's **never** been seen to **quarantine the healthy**. The **lockdown** was enforced based on **theories, hypotheses** and **predictions**. However, **theory** and **reality** are two different things. We are now aware of the

effects based on **real statistics**. We must **treat** this like the **normal flu**. Yet there is **still a lockdown** and **no evidence** that it **prevents deaths whatsoever**. **Lockdown** does nothing but **lower our immunity** and increase our **vulnerability**. We need **the sun**, the **beach**, **exercise** and the **interaction** with **humans** and **nature**. **Very few** are taking in **vitamin D** which is **essential** [16.46]. The **effects** of the **lockdown** are far more **detrimental worldwide** than the **claimed effects** of **Covid-19**.

There is even a legal **UK court case** against the **lockdown** [16.48]. **Sweden** has had **no lockdown** [16.50] [16.52], yet it has the **same ratio of deaths** as countries **with a lockdown** [16.54] [16.56]. **Belarus refused to lockdown** and is doing **perfectly fine** [16.58]. **Anti-Lockdown protests** are taking place **worldwide** [16.60]! The **real pandemic** is the **reaction i.e. the panic, the fear, the deprivation of freedom, the LOCKDOWN**.

**DEATHS:** Yes, there has been an **increase** of **deaths** (though not significant) in **recent weeks**, but the **question** is: **What** are the **causes? Why only** since **lockdown? Thousands** of patients with **underlying conditions** are **unable** to go to **hospital** because their **treatments, operations** or **consultations** have been **suspended** on the grounds that the **Covid-19** requires dedicating **all hospital resources to it** [17.01] [17.02] which **amplifies** the **gravity**. **Hospitals** are **anything but busy**.

**2700 fewer** people are being **diagnosed** with **cancer** every week [17.04]. There has been a **70% drop** in **cancer diagnosis** reported by doctors in the **UK** [17.06]. Those **diagnosed** with **cancer before lockdown** have had all **treatments or surgeries cancelled**. There could easily be **50,000 cancer related deaths** due to **cancelled screenings** and **treatments in the UK alone during a 6 month lockdown** as **predicted** by leading oncologist **Dr. Karol Sikora** [17.08]. This is just cancer, **think of everything else!**

**Drug abuse, domestic violence, depression, unemployment, suicides** [17.10] **etc** have reached a **huge spike** in **numbers**. Excess **deaths** from **heart attacks, strokes** and other **serious diseases...** People have been **too scared** to **seek treatment** at **hospitals** including **A&E** [17.12] for **fear** of **catching coronavirus**.

**Love** and **support strengthen** the **immune system** whereas **social distancing** and the **denial of love** and **human contact weaken it**, making them more **vulnerable**.

The **government** has **overdone the stress, the fear** and **the panic** with the ubiquitous **"Stay at home. Protecting the NHS"** message which **weakens the immune system**. **No advice** is being given to **build our immune system**. Our **body's extraordinary complexity** has the **ability** to **fight such viruses** and **heal itself**.

**Elderly** are being **neglected** [17.14] and are **dying** but **not from the alleged virus** [17.16] [17.18]. There are **usually 10 000 deaths** in **care homes** per month in the **UK** [5.0], many of which are simply being **reabeled** as **Covid-19**.

The **elderly** and those with **disabilities** are being **strongly coerced to sign 'Do Not Resuscitate Forms'**! It is **disgusting** to think that the **NHS** would even **consider** giving out these forms [5.02] [5.04] [5.06] [5.08] [5.10] [5.12] [5.14] [5.16]. It's **ironic** that all of this is done on the pretence of **'saving the elderly'**.

**Flawed false positive RT-PCR test results** are acting as a **negative placebo** on an otherwise **uninfected person**. Being told you have **Covid-19** when you haven't, when you have **underlying conditions**. This can be **devastating** and will **accelerate your demise** – **our beliefs** about our **health** have an extremely powerful **effect** on our **health**.

We are seeing an ***inverted approach*** being used to ***tackle*** this ***alleged virus***.

The ***lockdown*** and use of ***masks*** make us more ***vulnerable***.

The use of ***ventilators instead*** of ***oxygen therapy*** is now known to ***cause more harm than good*** and can ***lead*** to the ***lungs collapsing***.

***5G is being rolled out at full pace***; it makes us ***more susceptible*** to ***enveloped viruses*** by making our ***cells more permeable***. It also involves other ***serious health concerns***; it ***weakens*** the ***immune system*** and can cause ***oxygen deprivation*** at certain ***frequency bands*** e.g. ***42 GHz & 60GHz***.

This in turn will make us ***more vulnerable to viruses*** because ***deoxyhaemoglobin*** is an ***easier target for viruses to self replicate***. All of the above has immediate ***detrimental effects***; ***particularly*** for the ***elderly*** and those ***who suffer other health conditions***. But it will ***also*** be ***deleterious*** in ***long term*** to those who are ***healthy***.

***Many*** will ***starve*** to ***death*** in ***3rd world countries*** due to ***social*** and ***economical impact***.

## WHAT TO EXPECT

**17th of March 2020**, an **MIT technology review** [\[18.0\]](#) was published by **Gideon Litchfield** who has past involvement with **pandemic analysis, theories, etc.** I'll take out the main statements and conclusions linking them to supporting evidence and to this video [\[18.02\]](#).

Take Into account that on the **18th of March 2020**, an article published by the **New York Times** headlined '**US virus plans anticipates 18 months**'. It says the federal combat plan warns '**will last 18 months or longer and could include multiple waves**'. They'll push this crisis as long as they need to.

**Gideon Litchfield** quotes: 'We all want things to go back to normal quickly. But what most of us have probably not yet realized - yet will soon - is that things won't go back to normal after a few weeks, or even a few months. **Some things never will.**'

'That means the pandemic needs to last, at a low level, until either enough people have had **Covid-19** to leave most immune (assuming immunity lasts for years, which we don't know) or there's a **vaccine**.'

'As long as someone in the world has the virus, breakouts can and will keep recurring without stringent controls to contain them. In a report yesterday (PDF), researchers at **Imperial College London** proposed a way of doing this: 'Impose more extreme social distancing measures every time admissions to intensive care units (ICUs) start to spike, and relax them each time admissions fall. Here's how that los in a graph.'

'Under this model, the researchers conclude, **social distancing** and **school closures** would need to be **in force** some **two-thirds of the time** - roughly two months on and one month off - until a **vaccine is available**, which will take at least **18 months (if it works at all)**. They note that the results are "qualitatively similar for the US.'

Now **schools** and **universities** are getting people used to **studying online**. This is a form of **conditioning** to prepare people for what is to come and making them think it's normal and necessary.

**'If full social distancing and other measures are imposed for five months, then lifted, the pandemic comes back.'**

**Imperial College Covid-19 Response Team:** 'In all scenarios without widespread social distancing, the number of Covid cases overwhelms the healthcare system.'

**'Ultimately, however, I predict that we'll restore the ability to socialize safely by developing more sophisticated ways to identify who is a disease risk and who isn't, and discriminating legal against those who are.'**

**'We can see harbingers of this in the measures some countries are taking today. Israel is going to use the cell-phone location data with which its intelligence services track terrorists to trace people who've been in**

**touch with known carriers of the virus. Singapore does exhaustive contact tracing and publishes detailed data on each known case, all but identifying people by name.'**

**'We'll adapt to and accept such measures, much as we've adapted to increasingly stringent airport security screenings in the wake of terrorist attacks. The intrusive surveillance will be considered a small price to pay for the basic freedom to be with other people.'**

On March 20th 2020, an article [\[18.04\]](#) released: **'South Korea's success in controlling coronavirus due to acceptance of surveillance'**. It's all about **technological tracking and control**.

An Article [\[18.06\]](#) Titled: **'Predictions for 2030 by people shaping the world'** Sub Headed **'At the World Economic Forum in Davos, the elite of the elite gather to hatch plans for the future of the planet. I asked some of this year's participants to tell me one thing they think will happen by 2030 that most people don't realize. Covid-19 is the start of a 10 year plan to fulfil their agendas for the 2030 New World Order. Temperature trackers, Location trackers etc are being implemented, more is to come internationally, they'll use excuses such as this 'pandemic' to install such surveillance and make people accept an authoritarian technocracy.**

## THE PENTAGON & THE U.S. MILITARY

I have **specifically** included this section for a **better understanding** of **my conclusion** in greater **context**. As you already know, **DARPA** is funding both **Inovio's DNA vaccine** and **Moderna's mRNA vaccine** which both **genetically modify us**.

**The Pentagon's Defense Advanced Research Projects Agency (DARPA)** and other **Pentagon Agencies** have a past history of funding substantial amounts of money in the field of **RNA & DNA vaccines**, research on **coronaviruses**, specifically those **involving bats** as well as **gene editing bioweapons**. Their more recent experiments on **genetic alteration** and **extinction technologies** as well as **bats and coronaviruses** in **proximity to China** have conveniently been **left out** of the **official narrative**.

Many of these studies are related to **DARPA's Preventing Emerging Pathogenic Threats program (PREEMPT)** [\[19.0\]](#) which was **officially announced in April 2018**, a few months after the **U.S. government** decided to **controversially end the moratorium** on so called **Gain of Function studies** in **December 2017** [\[19.02\]](#). **PREEMPT** focuses on **animal reservoirs of disease**, specifically **bats**. For example :

- In **2018**, **DARPA** spent **\$10 million** on one project to unravel the **complex causes** of **bat-borne viruses**. [\[19.04\]](#)
- **DARPA** and **NIH** backed **Research** to examine the **coronavirus** that causes **Middle East Respiratory Syndrome (MERS)** in **bats** and **camels** "to **understand the role** of these **hosts** in **transmitting disease to humans**." [\[19.06\]](#)

The **U.S. military** has also spent **millions of dollars** over the **past several years** funding **research on deadly viruses in bats**, including **coronaviruses**, and how those **viruses are transmitted from bats to humans**. For example

- In **2017**, the **U.S. military** began funding **research involving bats and deadly pathogens**, including the **coronaviruses MERS** and **SARS**. [\[19.08\]](#)
- **2018 study: 'Bat-Borne Zoonotic Disease Emergence in Western Asia'** [\[19.10\]](#) [\[19.12\]](#) [\[19.14\]](#)
- **2018 study** conducted in **Southern China** resulted in the discovery of **89 new novel bat coronavirus strains**. The study was jointly funded by the **Chinese government's Ministry of Science and Technology (MOST)** and the **United States Agency of International Development (USAID)** – which is known to be a **front for U.S. intelligence** and the **U.S. National Institute of Health (NIH)**. [\[19.16\]](#)
- **U.S. government-funded study** titled "**Discovery and Characterization of Novel Bat Coronavirus Lineages from Kazakhstan**" that discovered **new strains** of **novel bat coronavirus** was published in **2019**. [\[19.18\]](#)

The **Kazakhstan** study was entirely funded by the **U.S. Department of Defense**, specifically the **Defense Threat Reduction Agency (DTRA)** [\[19.20\]](#) to investigate **coronaviruses**. The **study's authors** are **affiliated** with either the **Kazakhstan-based Research Institute for Biological Safety Problems** and/or **Duke University**.

**The Research Institute for Biological Safety Problems**, has received **millions** [\[19.22\]](#) from the **U.S. government**, mostly from the **Pentagon's Cooperative Threat Reduction Program**. It is the **Kazakhstan government's** official depository of **highly dangerous animal and bird infections** and it's part of the **Pentagon-funded** network of **bioweapons labs** [\[19.24\]](#)

**Duke University's** a key partner of **DARPA's Pandemic Prevention Platform program** [19.26]. **Duke University** is also jointly **partnered** with **China's Wuhan University** [19.28] which includes a **multi-lab Institute of Medical Virology** that **works closely** with the **U.S. Army Medical Research Institute of Infectious Diseases (USAMRIID)** since the **1980s** [19.30].

The now defunct **Project for a New American Century (PNAC)** openly promoted the use of a **race-specific genetically modified bioweapon** as a "politically useful tool." Its document **"Rebuilding America's Defences"** openly discusses the utility of **bioweapons**: '**...combat likely will take place in new dimensions: in space, "cyber-space," and perhaps the world of microbes...advanced forms of biological warfare that can "target" specific genotypes may transform biological warfare...**' [19.32]

The **U.S. Air Force** published the document **'Biotechnology: Genetically Engineered Pathogens'** which contains the following passage: '**The JASON group, composed of academic scientists, served as technical advisers to the U. S. government. Their study generated six broad classes of genetically engineered pathogens that could pose serious threats to society. These include but are not limited to binary biological weapons, designer genes, gene therapy as a weapon, stealth viruses, host-swapping diseases, and designer diseases.**' [19.34]

It was revealed in **2017** that **DARPA** was the top funder of the controversial **gene drive technology** [19.36] which has the **power to permanently alter the genetics of entire populations** while targeting others for **extinction**. At least two of **DARPA's studies** using this **controversial technology** were **classified** which were focused on the potential **military application** of **gene drive technology** and use of **gene drives in agriculture**. [19.38]

The **Pentagon** claims that it's **devoting** much of its **resources** towards the containment of what it considers the two greatest threats to **U.S. military** hegemony: **Russia** and **China** [19.40]. **China** has also been **cited** as the **greatest threat** by **NSCAI** [8.34]. However, in light of history, I personally think this is **simply a pretext** for **conducting controversial fields of research** aimed towards **darker agendas**.

The **U.S. Army Medical Research Institute of Infectious Diseases (USAMRIID)** at **Fort Detrick**, Maryland is the **U.S. military's lead laboratory** for **biological defence research** since the late **1960s** [19.42] involving the study of **deadly pathogens**, including **coronaviruses, Ebola etc.** The **USAMRIID** is also the **Pentagon's main biodefence lab** and has a **decades-old** and **close partnership** with the **University Of Wuhan's Institute of Medical Virology**.

The **USAMRIID** facility has recently been involved in the **Pentagon's** research concerning the use of **bats as bioweapons** [19.44] and was **suddenly shut down** and was **forced to halt all research late July 2019** [19.46]. Its **shutdown** was **justified** by its **failures to abide by biosafety**.

The **shutdown of USAMRIID** garnered surprisingly **little media coverage**, as did the **CDC's surprising decision** to allow the **troubled facility** to **partially resume** research in **late November 2019** [19.48]

As previously mentioned, **Inovio's DNA Medicines platform** is partnered with **USAMRIID** and the **NIH**, among others. **Inovio** was recently awarded **\$8.14 million** from the **U.S. military** to develop a small **portable intradermal device** for **delivering DNA vaccines** jointly developed by **Inovio** and **USAMRIID**. The new award **will fund the investigation of DNA vaccines** developed by **USAMRIID** using the new device. [19.50]

**DARPA** is *funded* around **\$3 billion a year!** It has been working on the **weaponization** of **human biology** and **artificial genetics** including **artificial chromosomes** [\[19.52\]](#), using **nanotechnology** as **sensors** [\[19.54\]](#) [\[19.56\]](#), **mind control programs** [\[19.58\]](#) using **Brain machine interfaces** [\[19.60\]](#) [\[19.62\]](#) which can **induce human thoughts**, **erase human memories**, **track** [\[19.64\]](#) humans and **so on...**

**Nanoparticles** like one in the proposed vaccines act as **tiny antennas** that will help **connect you to AI** via **5G**, **track you**, **monitor you** and **influence your thoughts**. Without this **crisis**, people would be **less receptive** to the **introduction** of such **technologies** which are **sold** to the **public** as **healthcare and safety**.

**Verily** (a **Google-GlaxoSmithKline** partnership ~ **Bill Gates**), **Elon Musk's Neuralink** and **Facebook's Building 8** have all been working to bring "**neuro-modulation**" devices and **Brain Machine Interfaces** to market under the guidance of **ex-executives** of **DARPA** [\[19.66\]](#). These are all **stepping stones** towards **transhumanism** [\[19.68\]](#) [\[19.70\]](#).

This is simply a **glimpse** of the **Pentagon** and other **U.S. agencies** including the **military's funding** and **research**. There is **vast amount** of other **projects** I haven't included e.g. **'In Vivo Nanoplatforms'**, **'Living Foundries'**, and **'Insects Allies' program** [\[19.72\]](#) [\[19.74\]](#). Not to mention, this is what **we know based on public evidence**, who knows what is going on **behind the scenes**.

If you want to know more about **DARPA**, you should read: [\[19.76\]](#) [\[19.78\]](#)

## REPORTED EVENTS

### 2010

- **January:** The **WHO**, redefines 'pandemic'.

'WHO, "in cooperation with some big pharmaceutical companies and their scientists, re-defined pandemics," removing the statement that "an enormous amount of people have contracted the illness or died" ... stating simply that there has to be a virus, spreading beyond borders and to which people have no immunity' [\[20.0\]](#) [\[20.1\]](#) [\[20.011\]](#)

- **Rockefeller foundation** discusses a **Coronavirus type pandemic** in a [document](#) "**Scenarios for the Future of Technology and International Development**" [\[20.012\]](#)

'Lock Step - a world of tighter top-down government control and more authoritarian leadership' ... sounds familiar.

---

### 2014

- **October: Moratorium** is placed on research and funding of **Gain of function studies** including the **gain of function studies** carried out on **novel bat coronaviruses** at the **University of North Carolina** by **Dr. Zheng-Li Shi** and other scientists under **Dr. Anthony Fauci**. The use of **VeroE6 Monkey Cell lines** to **culture bat coronaviruses** were sourced from **Fort Detrick's USAMRIID**.
- 

### 2015

- **Anthony Fauci funded** and **allowed** the **gain of function studies** on **coronaviruses** to **continue** outside **U.S.** (Broke the law) at **Wuhan Institute of Virology laboratory** which is supported by **Wuhan's university** (have a **close working relationship** with **USAMRIID**) despite the **moratorium**.
  - **23<sup>rd</sup> of July:** **U.S Patent US10130701** and **European Patent EP3172319B1** on **coronavirus** (used in **vaccine**) is filed by **The Pirbright Institute (Bill and Melinda Gates, WHO...)**
  - **September:** The **United Nations' New World Order 2030** is made **public** [\[20.02\]](#) [\[20.04\]](#) [\[20.06\]](#)
- 

### 2016

- **March:** The **Gates foundation** starts to **heavily grant Moderna**.

The grant was announced just weeks after Moderna revealed two new partnerships (Merk and Aztrazeneca) focused on leveraging its mRNA platform (mRNA vaccines). [\[12.28\]](#) [\[20.07\]](#)

### 2017

**January:**

- **CEPI (Bill & Melinda Gates – WEF – Norway – India etc)** is **launched**.

**February:**

- **U.S. Military started** to **officially fund multiple research involving bats** and **deadly pathogens**, including the **coronaviruses MERS** and **SARS**. Other organizations such as **USAID (Anthony Fauci)** were **also involved**. These **studies** had 'indirect' **links** to **USAMRIID** and **DARPA**.

- **Anthony Fauci** made a **public statement** that this **presidency** will see a **pandemic outbreak**. [\[20.08\]](#) [\[20.10\]](#)

**June:**

- **The World Bank** issues **Pandemic Bonds** for **emergency pandemic financing** and **pandemic insurance**. [\[20.101\]](#)

**December:**

- **Moratorium** on **Gain of function studies** is **lifted**.
  - It was **publicly** revealed that **DARPA** was the **lead funder** of **Gene drive technology** (**power to permanently alter human genetics**).
  - **Inovio** and **ApolloBio** entered a **license** and **collaboration agreement** to distribute **Inovio's DNA technology** (**vaccines** etc) in **China**.
- 

## **2018**

**April:**

- **CEPI** funded **\$56 million** towards **Inovio's DNA vaccine program** for the **coronavirus** that causes **MERS**. **USAMRIID** and **NIH** were **partners** in this **program**.
- **DARPA's PREEMPT program** officially announced; its focus is on **animal reservoirs** of **disease**, specifically **bats** and started **funding** and **conducting research** involving **coronaviruses publicly** alongside the **NIH**...
- **Research paper** is released involving **USAMRIID**, **CDC** and others **regarding Bat viruses** being used as **bioweapons** which **started** all the way back in **2016**.

**April/May:**

- **US10130701 coronavirus** patent received **notice of allowance** (**USPTO**) before grant (see **July 2015** above)

**May:**

- **8<sup>th</sup>**: **Timothy Ziemer**, the top **White house official** in **charge of pandemic response exits** his **position**. This was **not a cordial exist** so it is safe to say that he was more or less **forced out of his position**. Other **members** of the **pandemic response team** were also **fired**.
- **The Bio-warfare office** was **reorganized** by **John Bolton**, the **National Security Adviser**. "John Bolton abruptly disbanded the government officials responsible for dealing with pandemics, global health security and bioterrorism... White House has significant control over national health security." [\[20.12\]](#) it went from a **civilian response organization**, to a **military offensive organization**.

**September:**

- **21<sup>st</sup>**: **Patent 060606** filed by **Microsoft** (New **biometric cryptocurrency system**)

**November:**

- **20<sup>th</sup>**: **US10130701 coronavirus** patent **officially granted** (see **July 2015** above)
- 

## **2019**

**January – August:**

- **Crimson Contagion** - A **pandemic flu simulation** run by the **Department of Health and Human Services**, which involved the **Pentagon**, the **National Security Council** etc [\[20.14\]](#) [\[20.16\]](#)

**April/ May:**

- First **cases** of alleged **E-cigarette-Vaping Associated Lung Injury (EVALI)** **symptoms** started being **reported** in the **US** also known as **Vaping associated Lung Injury (VAPI)**. The **symptoms** of **alleged EVALI** are **exactly the same** as those of **Covid-19**.

**June:**

- **10<sup>th</sup>:** The **U.S. Defense Threat Reduction Agency (DTRA) (U.S. Army)** announced that it will **fund \$8.4 million** towards the **development** of a small **portable intradermal device** for **delivering DNA vaccines** jointly developed by **Inovio** and **USAMRIID**.
- **14<sup>th</sup>:** **CDC** discovered **US Institute of Infectious Diseases** at **Fort Detrick** to be **non-compliant** with its **pathogen control agreement**.

**July:**

- **Early July:** The **White House** withdrew its only **US epidemiologist** embedded with **China's CDC**. [\[20.18\]](#)
- **10<sup>h</sup>-16<sup>th</sup>:** **Two unidentified respiratory outbreaks** in **retirement homes** were reported, one at **Greenspring Retirement Community** [\[20.20\]](#) and the other at **Heatherwood retirement community** [\[20.22\]](#), both near **Fort Detrick** (55 miles) and close to **Fort Belvoir** (11 miles) where the **US team trained** for the **2019 Wuhan Military Games**. **Both** remain **unexplained** to this day...
- **Late July:** **Fort Detrick** received a **cease and desist order** from the **CDC** and was **abruptly shut down** [\[20.24\]](#) [\[20.26\]](#) [\[20.28\]](#). The **CDC** did **not provide specific details** due to "**national security reasons**". A **senior scientist** described the **atmosphere** there as one of '**fear and mistrust**' [\[20.30\]](#).

**August:**

- A **Taiwanese Virologist** and **epidemiologist** [\[20.32\]](#) [\[20.34\]](#) noted that that in **August 2019**, the **US** had many "**pulmonary fibrosis**" cases with **difficulties to breathe**, but whose **conditions** and **symptoms** could **not be explained by pulmonary fibrosis**. These cases were **blamed** as a result of **vaping E-cigarettes (EVALI)** but which, according to the **scientist**, the **symptoms** and **conditions** could **neither be explained by E-cigarettes**.
- **EVALI** is **claimed** to have become an **official epidemic** in the **U.S.**

The most common alleged Covid-19 symptoms: Fever, Dry Cough and Tiredness/ Fatigue and the less common serious symptoms are shortness of breath (difficulty breathing - dyspnea), chest pains and loss of speech/ movement.

The most common alleged EVALI Symptoms: dyspnea (87%), chest pain (55%), cough (83%), fever (81%), fatigue (45%) and sometimes Rapid onset of lung failure. [\[20.36\]](#)

The first alleged vaping death was reported in late August the US [\[20.38\]](#): "Amid the lack of information... many patients, most of whom were adolescents or young adults, had described difficulty breathing, chest pain, vomiting and fatigue."

The symptoms are basically identical.

John Britton a professor of respiratory medicine said: 'what's happening in the U.S. is not happening here (in Britain), nor is it happening in any other countries where vaping is common'. [\[20.40\]](#) John Briton argues that vaping is far less dangerous than smoking, that the claims are completely false, and that the alleged EVALI is not caused by vaping. [\[20.42\]](#) [\[20.44\]](#)

- **12<sup>th</sup>-19<sup>th</sup>:** Week-long **event** underwritten by the **Bill and Melinda Gates Foundation** and the **Rockefeller Brothers Fund** in **Rwanda, East Africa**.

During this event, U.S. democrat congressman Bobby L. Rush, was present to discuss a contact tracing program. 9 months later, Rush, introduced the \$100 Billion H.R. 6666, the COVID-19 Testing, Reaching and Contacting Everyone (TRACE) Act. [\[20.45\]](#). Gates and the Rockerfellers were planning such measures 6 months before the alleged 'pandemic!' [\[20.455\]](#)

**September:**

- The **Taiwanese doctor** [\[20.46\]](#) [\[20.48\]](#) cited a case in **September of 2019** where some **Japanese travelled to Hawaii** and returned home **infected**, people who had **never been to China**. This was all **two months prior** to the **infections** in

**China** and just after the **CDC suddenly** and **totally shut down** the **Fort Detrick bio-weapons lab – USAMRIID**.

- **ID2020** announced its **new digital identity program** with **Gavi - The Vaccine Alliance (Bill and Melinda Gates)** and the **Government of Bangladesh**.
- **8<sup>th</sup>/ 9<sup>th</sup>: John Bolton**, the **National Security Adviser** is fired, **no one knows why**. Perhaps it has to do with what he did back in **March 2018** (see above).

#### **October:**

- **18<sup>th</sup>: Event 201 - A coronavirus pandemic simulation** hosted by the **Gates foundation, WEF** and **John Hopkins**. Deputy Director of the **CIA** participates. [\[20.50\]](#) [\[20.52\]](#) [\[20.54\]](#). **Bill Gates ‘predicted’** that a **highly deadly virus** erupts in a **Chinese wet market** where live and dead animals are stacked, and **spreads globally**.
- **18<sup>th</sup> – 27<sup>th</sup>**: The **2019 Military World Games** were held in **Wuhan, China**

The United States sent a team of around 300 military soldiers.

The U.S. team trained at the U.S. Army's Fort Belvoir in Virginia, not far from Fort Detrick and at close proximity from the two retirement homes which had a respiratory outbreak.

Amongst the U.S. team was 53 year old woman road cyclist, Maatje Benassi who also works as a security officer at Fort Belvoir. Maatje Benassi has a relative 'Matthew Benassi' who works at the Fort Detrick. [\[20.56\]](#)

The US military team stayed at the Wuhan Oriental Hotel which is 300 meters away from Wuhan's Huanan Seafood market (known to be the origin of the alleged covid-19 virus). The three other teams who stayed at the Wuhan Oriental Hotel were Iran, Italy and South Korea.

The U.S. team, known for their competitive skills, did terribly; only 172 participated, many didn't even compete in their events. It was said: 'The inattentive attitude and disproportionately below average results of American athletes in the game indicate they might have been in for other purposes operatives...' [\[20.58\]](#)

Five "foreign" athletes at the Wuhan World Military Games were hospitalised for an undetermined infection. [\[20.60\]](#) We do not know how many others were infected but Chinese medical staff went to the Dongfang Jianguo hotel (500m away from Wuhan Oriental Hotel) to rescue five American military participants who were suffering from high fevers, shallow coughs and chest pains. [\[20.62\]](#)

Many athletes have revealed that they fell ill at the World military Games in Wuhan in October. [\[20.64\]](#) [\[20.66\]](#) [\[20.68\]](#) For Example:

- Elodie Clouvel, a French pentathlete said that her team, including herself, all fell ill during the world military games and that her partner Valentin, also a pentathlete, had to miss three days of training. She said: 'I had things I had never had before.'
- Jacqueline Bock, part of the German volleyball team claimed that she and her colleagues contracted Covid-19 at the event in the city. 'After a few days, some athletes from my team got ill'. Her father also became ill a few weeks after her return. She said 'I have never felt so sick; either it was a very bad cold or Covid-19. I think it was Covid-19.'
- Italian fencer Matteo Tagliariol also said everyone in his Wuhan apartment fell ill with symptoms that looked like those of Covid-19 which later spread on to his son and girlfriend.
- Swedish pentathlete Melina Westerberg said several of her compatriots got sick during the games.
- Oliver Gorges, a triathlete from Luxembourg, said he became ill with flu-like symptoms

Among dozens of other competitors were contacted by the Military Occupational Specialty (US Army) some said they had been told not to comment.

[\[20.70\]](#) France said that the virus may have hit Europe in October as several athletes recall becoming “very sick” while competing in Wuhan back then.

According to French news channel BFMTV, a number of athletes returned to France with unusual symptoms, including fevers and body aches. BFMTV quoted one anonymous athlete said that he originally thought he had simply caught a cold.

Chinese government spokesman, Zhao Lijian, said that American athletes participating in the Wuhan Military World Games may have “brought the epidemic to Wuhan” [\[20.72\]](#). The Pentagon in particular criticized Zhao’s remarks, calling them “false and absurd.” [\[20.74\]](#)

#### October – December:

- **Adriano Decarli**, an **epidemiologist** and **medical statistics professor** at the **University of Milan**, said there had been a **significant increase** in the **number** of **people hospitalized** for **pneumonia** and **flu** in the areas of **Milan** and **Lodi** between **October** and **December 2019**. [\[20.75\]](#)

#### November:

- [NSCAI interim Report](#) - **insinuates** that the **western world must emulate China’s mass surveillance model** to **ensure a technological advantage over China**. (**AI, 5G, Biometric systems** etc)
- **4<sup>th</sup>**: The **Health Protection Agency** begins collaboration with **family doctors** to **vaccinate** residents of **Bergamo, Italy** against **flu**. [\[20.755\]](#)
- **17<sup>th</sup>**: The **first official alleged Covid-19 case** was **reported**.

42 employees of Wuhan’s Oriental Hotel were diagnosed with Covid-19. At the time only 7 people had been diagnosed with Covid-19 and were all active in the Huanan seafood market and said to have had contact with all 42 of the hotel staff [\[20.76\]](#)

Please Note: Given that the new virus seems to target the lungs, ACE2 exosomes will naturally be excreted, you are hence more likely to test positive by the RT-PCR test.

- **Giuseppe Remuzzi**, the **director** of the **Mario Negri Institute** for Pharmacological Research in **Milan** said “They (general practitioners) remember having seen very strange pneumonia, very severe, particularly in old people in December and even November (just after the World military games)” [\[20.77\]](#)
- **Massimo Galli**, **professor of infectious diseases** at the **University of Milan** said ‘**Very strange pneumonias**’ circulated in **Europe** as early as **November 2019**. [\[20.78\]](#)

## 2020

### **January:**

- **4<sup>th</sup>: Residents of Bergamo, Italy** queue to **receive vaccination** against **Meningococcus C**. [\[20.885\]](#)
- **21<sup>st</sup>: Dr. Anthony Fauci** quotes in an **interview** 'This is not a major threat to the people of the United States and this is not something that the citizens of the United States should be worried about right now.' [\[20.83\]](#)

*Criminal Anthony Fauci clearly can't stick to one story; it's also quite odd that he stated the above given that the NIH was already in the process of taking the first steps towards the development of a vaccine [\[20.84\]](#). Fauci directs the NIAD/ NIH.*

- **23<sup>rd</sup>: Zhou Paper** is published – **Dr. Zheng-Li Shi** was one of the **authors** (one of the lead scientist in the **gain of function research on bat coronaviruses** in both **U.S.** and **Wuhan**). The paper implied that a natural novel bat coronavirus was possibly associated with the symptoms.

*They never isolated the virus but they developed the test for the alleged Covid-19. However, the RT-PCR Test should not be used to diagnose infectious disease because it does not test for the virus itself.*

### **January – February:**

### **March:**

- **NSCAI Interim Recommendation Memo** (given that the **current crisis** of **fear** and **chaos** is a **perfect opportunity** to **accelerate** their **draconian agendas**, they quickly published their interim recommendations) [\[20.91\]](#)
- **20<sup>th</sup>: UN publishes 'Shared Responsibility, Global Solidarity: Responding to the socio-economic impacts of Covid-19'** [\[20.92\]](#) in **alignment** with **Agenda 2030**.
- **26<sup>th</sup>: Patent 060606** - is published (see **September 2018** above)
- **26<sup>th</sup>: Dr. Fauci** publishes his **writings** in the **New England Journal of Medicine**

*This is the man who publicly tells everyone to be scared of the new alleged coronavirus. Here are his words from the medical journal: ‘...the overall clinical consequences of Covid-19 may ultimately be more akin to those of a severe seasonal influenza (which has a case fatality rate of approximately 0.1%) or a pandemic influenza... rather than a disease similar to SARS or MERS, which have had case fatality rates of 9 to 10% and 36%, respectively.’*

## **2030**

**Mission ‘Orwellian Brave New World Order’ complete unless we wake up.**

## CONCLUSION

### **Factual Statements:**

- *No one has isolated a new virus and none of Koch's postulates have been fulfilled.*
- *Our immune response releases exosomes when exposed to toxic substances, stress & fear, cancer, asthma, infection, diseases, EM radiation etc*
- *We have exosomes with the same ACE-2 Receptors as the new alleged virus and both are found in the lung fluid and have genetic material in the form of RNA.*
- *The RT-PCR Test should not be used for diagnosing infection disease because it does not test for the virus itself, instead it amplifies an RNA sequence ( $\approx 45x$ ) that is assumed to be associated with the alleged Sars-Cov2*
- *The RT-PCR Test has not been compared to any gold standard and has shown to have an 80% false positive*
- *Around 4/5 people who test positive have minor or no symptoms.*
- *If someone is tested positive by the RT-PCR Test and passes away, Covid-19 is reported as the primary cause regardless of other co-morbidities or the actual cause*
- *Since January 2019 up until a lockdown was enforced, the total number of deaths actually decreased compared to the last 5 years' average*
- *The lockdown is indirectly causing a great number of deaths*
- *Masks do the opposite to what they are intended, they suffocate us with Carbon dioxide and weaken our immune system*
- *Social distancing deprives us of herd immunity*
- *The elderly and disabled are being coerced into signing 'Do Not Resuscitate Forms'*
- *Doctors are being pressured to write Covid-19 on the Death certificate, some are even being incentivized to put patients straight onto ventilators*
- *Wrong protocol being used by hospitals which are actually harmful*
- *Successful alternative treatments e.g. Vitamin C and Hydroxychloroquine are being ignored and discouraged by hospitals*
- *Deaths are being relabelled, and the total number of claimed Covid-19 deaths are being inflated multiple times, even then, they amount to less than the total number of deaths caused by influenza (Flu)*
- *Crucial data is not being reported e.g. how many are tested positive, how many have recovered, the co-morbidities, age etc*
- *99% of all deaths in Italy had one, two, three or more pre-existing or current health conditions*
- *The government and media are constantly misleading us with lies.*
- *Anybody that questions the official narrative is censored*
- *Thousands of videos and channels are being deleted off YouTube and Facebook*
- *Google algorithms are manipulating our search results*
- *Fast-paced Implementation of 5G during lockdown*
- *AGI and biometric systems for surveillance and control are dependent 5G*
- *5G weakens our immune system, makes us more susceptible to viruses and causes respiratory issues...*
- *No independent testing or Debate on safety of 5G by the Government or the media*
- *Fauci made a public statement in 2017 that the presidency of Trump will see a pandemic outbreak*
- *Fauci allowed the gain of function study of coronaviruses to continue in Wuhan despite a moratorium being officially passed, and invested \$3.7 million twice [\[21.02\]](#)*
- *Bill Gates, Anthony Fauci and Deborah Birx have close ties and joined financial interests [\[21.04\]](#)*
- *Bill Gates owns numerous patents on coronaviruses and vaccines via his group of companies, investments and initiatives*
- *Everybody on the UK vaccine commission has financial links to Bill Gates*

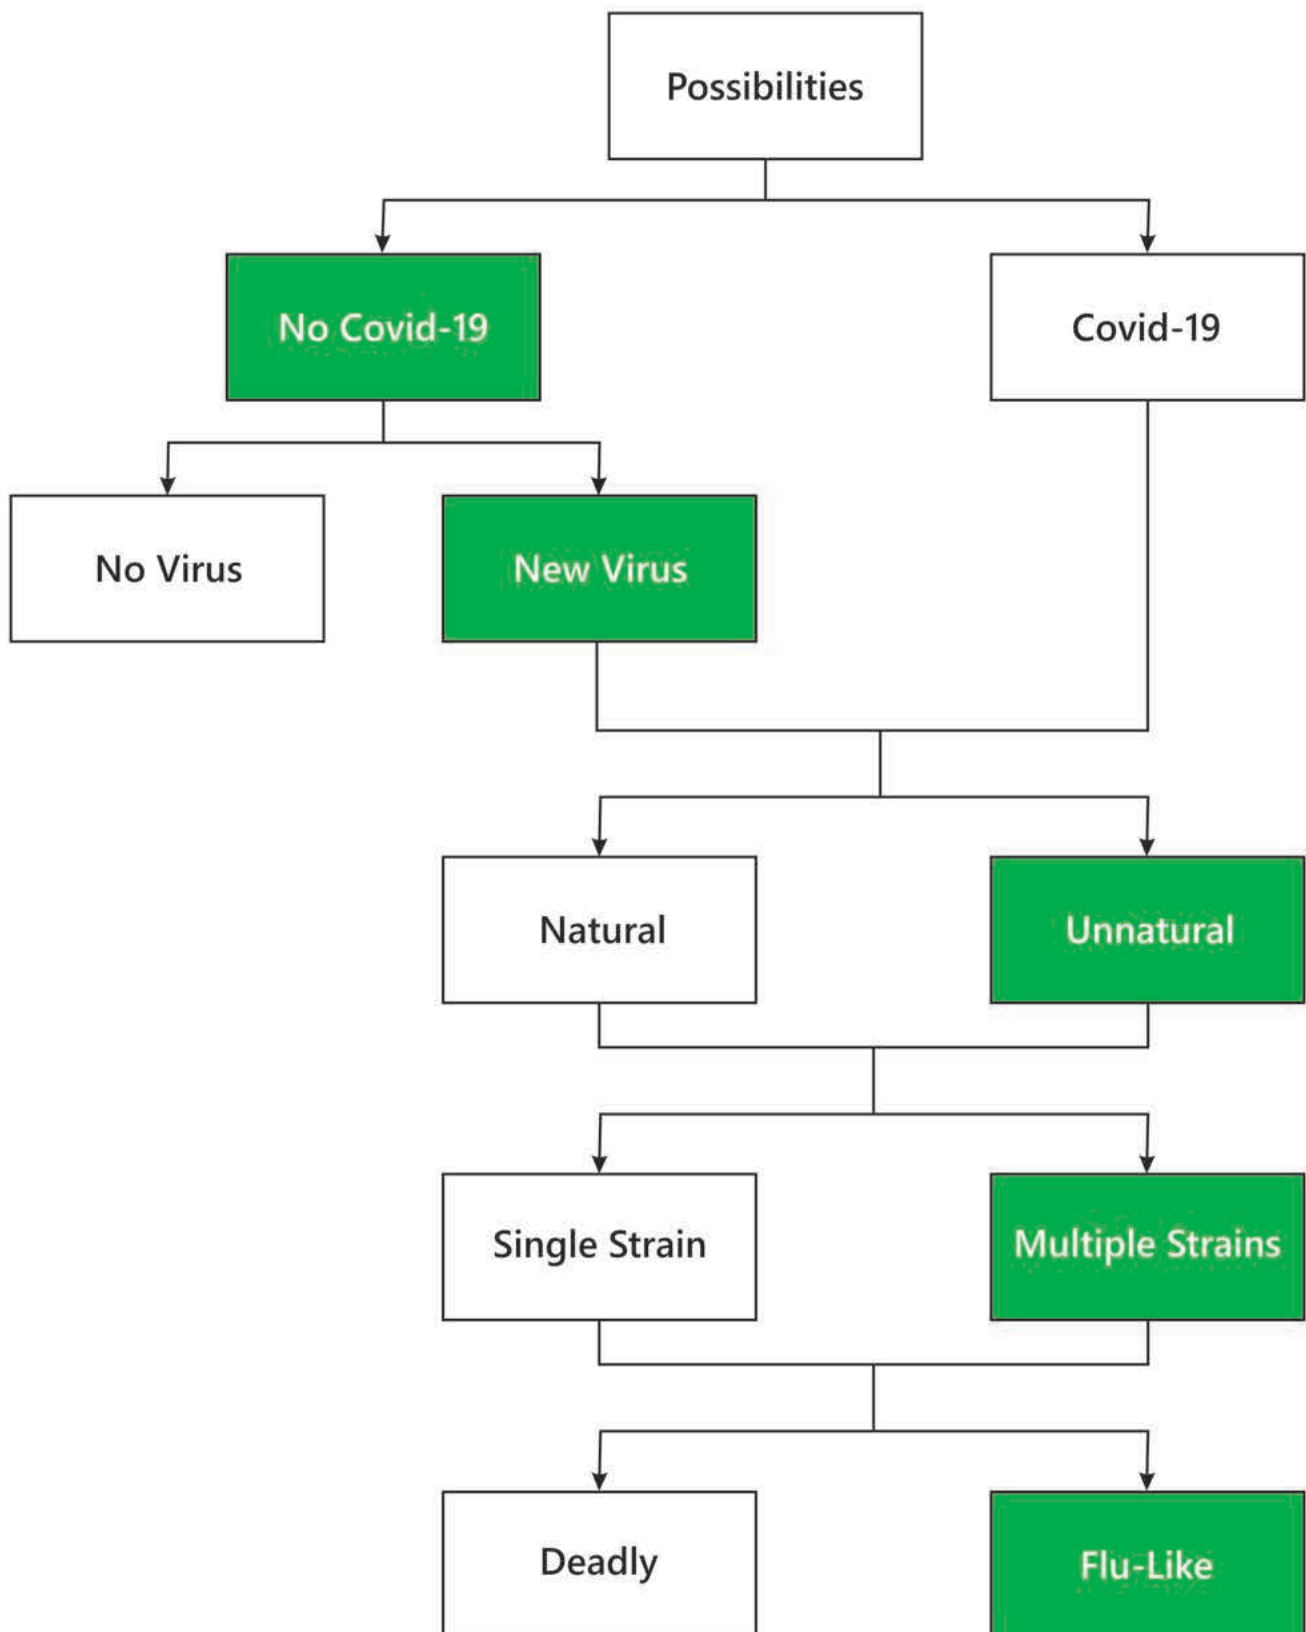

- Bill Gates is the largest funder of the World Health Organisation which directs the world health policy
- Tedros, director of the WHO, has perpetuated crimes against humanity [\[21.06\]](#)
- Bill Gates founded the Gavi, the vaccine alliance for marketing and distribution of vaccine worldwide and has developed an implantable quantum dot microneedle (quantum tattoo)
- Gavi, Microsoft and Rockefeller foundation are the founding partners in ID2020
- Bill Gates co-founded the Coalition for Epidemic Preparedness Innovations (CEPI) in 2017 which is developing the new DNA and mRNA vaccine for the alleged Covid-19
- Microsoft has filed Patent 202060606 in September 2018 converging cryptocurrency, Biometric digital ID and Surveillance/ population control.
- Bill Gates ran Event 201- a coronavirus type simulation in October 2019
- The Rockefeller foundation have been assessing a corona type pandemic since at least 2010
- DARPA, Bill Gates and Anthony Fauci have invested millions upon millions into Inovio and Moderna for the manufacture of DNA and mRNA vaccines.
- The unproven DNA & RNA Vaccines use nanotechnology and genetically modify us and are being fast tracked without animal testing
- U.S. has already approved complete immunity to vaccine manufacturers... other countries have followed/ are following/ will follow.
- Bill Gates also has investments in 5G, Biometric Systems, Video Satellites, Synthetic Meat, GMOs, Geoengineering etc
- Cash is being vilified and depreciating in value
- The economy and small businesses are being destroyed
- Our fundamental freedom and rights are being suppressed with new draconian measures and Laws e.g. US H.R.6666, health protection regulation 2020, and the control of disease act 1984 etc in the name of protecting us
- 2030 - The Landmark year 2030 of total control: UN's Agenda 2030 (New World Order 2030), NSCAI's interim report (wants to surpass China's model of surveillance and AI in the western world by 2030) etc.

Many additional points I have not included that are embedded throughout the document.

### **Some Questions we must Ask:**

- If Covid-19 does exist, why has no one properly isolated it?
- Why has no one followed Koch's postulates?
- Why are we using the RT-PCR Test, that has not been compared to any Gold standards and whose inventor said it shouldn't be used for diagnosing infectious diseases?
- Why are fear and panic being promoted via coordinated efforts to inflate the Covid-19 death figures?
- Why not talk about the hundreds of thousands who claimed to have recovered?
- Why are alternative approaches such as Hydroxychloroquine and Vitamin C being ignored/ discouraged?
- Why has the lockdown not been withdrawn after Fergeson's models were revised?
- Why censor people and take away our freedom of speech if there is nothing to hide?
- Why are we being locked inside, with constant stress and fear being fed?
- Why is 5G Radiation being rolled out at such quick pace during lockdown?
- Why is it so essential to vaccinate the whole world including the healthy?
- If you haven't followed Koch's postulates and isolated the virus, how are you meant to be developing a vaccine?
- Will DARPA, Bill Gates... and the Elite pass up on this opportunity of applying their own hidden agendas and technologies to these vaccines?

The list of questions is endless...

### MY FINAL CONCLUSION

There *is* a **new virus** which **affects people differently**. It is **mild** and **not deadly at all**. It is only a **potential threat** to those with **compromised immune systems** and **other critical health issues** but this goes without saying for any type of **virus**! It is **like the flu**, it **comes and it goes**. Most people **won't even realise** they have/had it [\[16.30\]](#), **assuming** it was a **flu, a cold, a fever or a cough** because the **symptoms** seem to be so **general**. Some **won't even notice it**. This **virus** may very well have some **effects** on the **lungs** but **nothing near** to what the **media claims**. The **new claimed virus** got **public attention** during the **flu season** which **confused** the matter even more. The **virus** is **no way near** as **virulent** as it **once was** which I shall **address later**.

It is **100% not a naturally occurring coronavirus**. The **natural evolution** of a **SARS type virus** to **jump** directly from **bats to humans** would take around **800 years**. It is **impossible** for **bats** to transmit a natural **coronavirus** to humans because they **cannot interact** with **human cells** with **ACE2 receptors**. A **gain of function** is **necessary** as previously mentioned in order to make it **transmissible** to humans. A **natural occurring coronavirus cannot cause** certain **claimed effects**. **Over a quarter** of the **population** is **already likely to have caught it** and have small **harmless traces left**. We must simply **protect ourselves** by being healthy e.g. **boosting** our immune system with **Vitamin C** and **build natural herd immunity** by going about our **normal lives**.

**Hardly anyone knows** the **true nature or origin** of this **virus** as **no one has publicly isolated it** or followed **Koch's Postulates**. If actually **isolated**, it would become **crystal clear** that it the **virus** is neither **natural** nor **deadly**.

The **Sars-Cov2** portrayed in the official narrative is simply **non-existent** and we **must eliminate** this **image** of a **dangerous 'Covid-19'** that is **likely to kill us** if we **contract it**. The **RT-PCR test** is actually testing for the **RNA** of **exosomes with ACE-2 Receptors** which are **excreted** by our body's **defence mechanism** when subject to **various toxicities**.

The **new virus** has an **indirect association** with the **US Gain of Function studies/research which continued in Wuhan**. '**Gain of Function**' experiments are carried out to **create bioweapons** or more **commonly** to **produce vaccines**. When creating **vaccines**, they would **grow certain viruses** with **different animal tissues** and then with **human lung tissues** allowing the **virus** to **evolve** at a **super rate**. They would also **culture viruses** in **animal cell lines** in laboratories. It is very **well known** that **coronaviruses** are **manipulated** and **modified** in order to be **used in vaccines**.

In this **particular gain of function**, they used '**VeroE6 monkey kidney cell line**' which **came** from **Fort Detrick's USAMRIID - US Army Research Institute of Infectious Disease**, a **biosafety level 3 and 4** facility located **in Maryland** where such **experiments** were **officially** carried out under **Anthony Fauci** until a **2014 moratorium** was **officially placed on such studies** because of the **dangers** and **ethics involved**.

I am **certain** that these '**Gain of Function studies**' were **carried out** in order to produce **vaccines** that could make **humans more controllable** and **submissive** and **less susceptible** to **cosmic energy**. In **simple terms: to dumb us down**. This is achieved by **viruses attacking** certain **segments** of our **genome (DNA)** that **affects our cognitive thinking** and **alter us genetically**.

The point I am making is that the **Pentagon** and the **U.S. military** have been working on **human DNA/RNA vaccines** in the **shadows** for a **long time**. **Fort Detrick** has a reputation of carrying out such **classified dark experiments** including the area of **mind control** [\[21.08\]](#).

It's *ironic* that **vaccines** that are **supposed to protect us** against infectious disease actually **cause significant amounts of harm**. They are **now being used as stealth bioweapons against us**.

According to my research, **top secret vaccine experiments** and **gain of function research continued** at **Fort Detrick's USAMRIID (Pentagon's main biodefence lab and US military's leading laboratory for 'biological defence research)** even after the **2014 moratorium**. The **vaccine trials** started on **US military soldiers** in early **2018**, shortly after the **moratorium** was **lifted** in **December 2017**.

The **vaccine experiments** **didn't** quite **go to plan** and the **virus** in some cases did the **opposite** to what was initially **intended**.

The **virus affects people differently**, to some it may be **deleterious**, to others it might have **positive effects** but it is certainly **nothing to be afraid of** as previously mentioned. These **vaccines** and **viruses** are **not designed to kill people directly** but to **challenge our immune system** and **genetically modify** us by **targeting specific codons** for a **particular outcome/ agenda** given that certain **personality traits** are **linked** to certain **DNA factors**.

The **virus** has the **potential, depending** on the **person, to change DNA** making individuals **more susceptible to cosmic information** of the **positive (STO) variety**. It can also **enhance** and **activate long suppressed codons** of a **beneficial nature** that make us **less controllable** and more **susceptible to cosmic energy**.

We are already **witnessing more and more people** who are **awakening in present times** and starting to **question what** they're **being told**.

This was **recognised** by the **Chinese regime** (were also **part of these 'Gain of Function' studies**) who **did not** want this **particular strain** of **virus** with **beneficial effects** to spread; **hence** they took **draconian measures** to **stop the virus** which were **subsequently followed** by the **majority** of the **world**.

The **new virus** has been **circulating** since the **first trials** on the **U.S. military in early 2018** but **properly escaped Fort Detrick** around **May 2019**. The **virus** was being **reported** as alleged **EVALI, Influenza** and other **infectious disease**. It has **mutated as all viruses do** into **two major strains**. The **virus** was carried to **Wuhan, China** by **U.S. military soldiers** who **participated** in **Wuhan's Military World Games**.

A large number of **English news** reports about the closure of **Fort Detrick** were deleted, displaying a **"404 not found"** page. **Many articles** and **Chinese reports** that **conclude** that the **new virus** is very likely to have **originated in the US**, particularly **Fort Detrick** have also been **deleted**. **Dr. Judy Mikovitz**, who worked at **Fort Detrick**, agrees that the **virus** is **likely** to have **originated** at **Fort Detrick**.

The **virus** was **far more virulent** and **threatening** when it **first escaped** but even then it seemed to **vary from host to host** but this is simply **no longer the case**. Whenever you **hybridize a virus**, it has the **tendency to return back** to its **original state**. Even **small random mutations** that **persist** for a while, end up being **extinct**, the **virus** becomes **less and less effective**. **Viruses** that have been **modified genetically** and **undergo a gain of function DEVOLVE!** One way of putting it, the **more people through whom it spreads**, the **weaker it becomes**. It takes **time after catching** the **virus** for **symptoms** to **manifest**; if they do. I repeat; **over 25% of us** are **very likely** to have **already caught it!**

**The virus** started to **increasingly spread** in the **US from July 2019 onwards** but the **symptoms** were being officially **masked** and **attributed** to other **diseases e.g. EVALI and Influenza**.

The **virus spread exponentially** at the **Wuhan military games** which had just under **10 000 competitors** from **110 different countries**, around **250 000 volunteers** and a **main stadium** with a **capacity** of **58 000 people**. Many **spectators** came to visit from **different regions** and **countries**. This is why it **spread so quickly**.

Once **China** came into the picture, it was seen as a **perfect opportunity** for the **U.S.** to lay the **blame** on **China** through **mass propaganda**. It was implied that a **natural bat coronavirus originated** in **Wuhan's Huanan Seafood market** where the **alleged Sars-Cov1** was **claimed** to have **originated** in **2003**. The **virus did not originate** in **Huanan Seafood Market**; however, given its **activities** and **location**, it **must** have **helped** the **spread** of the **virus**.

Let me make this clear, **bats** were **not present** at the **Wuhan's wet market** and the **Chinese do not** have a **tradition** of **eating bats**. The only place where **bats** are regularly used as food is the **Pacific island Palau** and **Indonesia**. Journalists from **France 24 TV [21.10]** recently tracked down the makers of five of the six most-shared videos of people eating **bats**; they found that **all videos** were **filmed** in **Palau or Indonesia**, in **locales** where **bats** have **traditionally** been **consumed** as **food**. Not to mention, **bats hibernate** from **November onwards**.

It is clear that **virus** was **derived** from a **bat coronavirus** that underwent a **gain of function** so that it could be used in the **RNA/DNA vaccine** that **didn't do** what was **intended**.

It is **evident** that the **Elite** had been **planning** and **preparing** for a '**coronavirus type crisis**' so they could **impose** a **RNA/DNA vaccine** as we are **currently seeing** - to pull off a **perfect vaccine scam** etc.

So the **Elite** were therefore in a **position** to also **take advantage** of this **unexpected cross contamination accident** to **accelerate** a majority of their **agendas**, many of which are stated in **UN agenda 2030 (New World Order 2030)** and the **NSCAI Interim Recommendation**.

**Only very few** at the **top of the pyramid** were **aware** of such **vaccine experiments** and **other related plans**. They had to **quickly adjust their plans** to **new circumstances** which is why there was a lot **discoordination** among **authorities** in the **initial phase**.

Given that the **vaccines experiments** didn't go to plan, a **mandatory RNA/DNA vaccine** becomes an **absolute essential countermeasure**. Now those behind the **creation** of this **virus** are **working overtime** to **enforce** the new **experimental vaccines around the world**.

**What you can expect:**

- **Multiple waves.**

*They are manipulating this crisis using a Test, the Media and all their other unlimited political and financial resources (whatever it takes). As we have witnessed, it is disgustingly easy to generate fear and mass hysteria. Our behaviour is very predictable especially to how conditioned we are and all the data they have access to.*

*They are now in a commanding position to direct certain outcomes according to how events unfold. They can stop and continue the 'pandemic' at will. They will claim that they are considering the impacts and dealing with the virus. They want you to remain calm as they slowly withdraw the lockdown.*

*Then, they will create and manoeuvre another wave; it is very likely that they will manipulate the excretion of exosomes with external toxicities e.g. the lockdown effects but particularly 5G radiation, by increasing its power output and adjusting it to certain frequency bands to perpetuate the illusion that a new wave has broken out. This will make the 'wave' appear to be realistic. There will likely be multiple waves until the government says that more desperate measures are needed such as mandatory vaccines.*

- **Being restricted certain freedoms unless you acquiesce and cooperate**

*Laws are already being passed and edited to alter your rights. The UK amongst other countries is unlikely to make the new vaccines mandatory in order to avoid direct public resistance and controversy. Instead, they will indirectly force you – blackmail.*

- **Food Shortages**
- **Bizarre Events**

*I am expecting many twists and turns of bizarre events.*

*For example, we have already started to see very extremely odd and dangerous weather patterns [\[21.12\]](#) [\[21.14\]](#) [\[21.16\]](#) and this are likely to continue e.g. Huge cyclone that hit Bangladesh, Earthquake in new Zealand, Tornadoes in the U.S. (Louisiana), flooding in Kenya, Blizzards in June etc. You should watch [\[21.18\]](#)*

*In every **plan**, there are **always flaws**, in every **action**, there are **always risks**. The **risk** the **Elite** are taking is **Exposure**. This could **all potentially backfire** due to the amount of people who are **waking up** and starting to **see through** the **deception**. This is the **best opportunity** to **counter attack** by **standing up** for **our rights** through **civil disobedience**.*

*We must **acquire knowledge**, **expand awareness** and **raise consciousness**. And if we **do nothing**, society is heading towards **Orwellian Brave New World** by 2030.*

*To those who have **awakened**, it is our **duty** to **stand up for our rights** and the **rights of our fellow humans** who are either **asleep** or **too scared to fight**. It is **now or never**, we **must help** those who are **fast asleep** to **become wide awake**.*

*If you **have reached this point**, I am assuming you have a **completely new perspective** on **what has happened**, **what is currently happening**, and **what is yet to happen**.*

*Please email [jg@joytigoel.com](mailto:jg@joytigoel.com) if you have any **doubts, questions, enquiries, feedback** or **additional information** you think is **relevant**: I am open to **teach/ learn** and **broaden our understanding**. If you **email me**, I will be able to **notify you** when I make **updates with your consent**.*

## WHAT CAN WE DO?

### 1) Free yourself of fear, any kind of fear ~ it will be what it will be.

- **Fear is an illusion;** it can be **eradicated** by having **control over your mind** and **emotions**. **Danger** is a **threat**, the **biggest threat** we are **currently facing** is the vast amounts of **fear**. So to **kill** the **danger**, we **must kill** the **fear**.

### 2) Knowledge Protects ~ Ignorance Endanger:

- **Stop watching TV.** TV is a **hypnotic opener** and makes you **more susceptible** to **subliminal propaganda**.
- **Stop listening** to the **mainstream media**. Check **alternative media** (**sources**), **read books** and do your **own research**.
- **Expand your awareness, share knowledge** and **help others without expectation**. **People need to realise what's at stake!** We **have** the **true power** but people **need** to start to **wake up** and **refuse to acquiesce!**
- **Decondition** yourself. **Introspect** on **life** and its **events** and **question everything**.

Here is a **brilliant 20 minute weekly news report** with **James** from [corbettreport.com](http://corbettreport.com) and **James** from [mediamonarchy.com](http://mediamonarchy.com) that I **strongly recommend**. [\[22.0\]](#)

### 3) Do not infringe other people's freewill ~ Do not let other people infringe yours

- **Distance** yourself from those who **try to infringe your freewill** even if they are immediate **family, spouse** or **friends**.
- **Do not be forced in doing things** that you **know not to be right**.
- Be **conscious** of **infringing others free will** including your **friends, family** and **fellow human beings**.
- **Question each** and **every** of your **actions** and **reactions**.
- **Respects** other **people's rights** to have **different opinions**. You **must guide them** and **educate them** but do **not forcefully impose** your **will upon others**
- **Stand your ground**. Take **initiation regardless** of **others**. **Eliminate dependency** on the **system** and on **society's beliefs**. **Don't let anyone change who you truly are**.

### 4) Do not acquiesce to Vaccinations or new implantable Biometric Systems

- You **need** to be **strong minded; do not think** of the **consequences**. **Do what you feel** to be **right, regardless** of **others**.
- **Freedom** is being able to **think for yourself** but this **will fade away once you are microchipped** and **vaccinated** and **connected to AI** via **5G**

I am **seriously concerned** for those **who willingly** want to be **vaccinated without knowing** what they're actually **doing** to their **bodies**; even **doctors** are **unaware**.

This is **my body**, this is **my mind** and this is **my spirit**. You will certainly not **infringe my free will** by **vaccinating me** and **modifying** my **genetics** which will be **passed** on for **generations**.

A call of **awakening** is on the **rise** and in **serious need**.

### 5) Divert yourself from our **centralized systems** ~ **Data** is the **New Oil**.

- **Decentralise digitally and economically. Stop using platforms** such as **Google, Facebook, TikTok etc**
- **Switch off the Covid-19 Tracking** on your **phone** (automatically part of **update**)

They **need** people's **consent**, our **data**, makes us more **predictable** and **easier** to **manipulate**.

### 6) Eat & Live Healthy

- **No canned food, No processed food, No industrial food, No GMOs.**
- **Always** check the **ingredients** when you buy a **product** and **find out what** those **ingredients are**.
- **Boost** your **immune system** to **protect yourself** from **any viruses** or **potential health issues**. Start **attacking** the **roots**, use proper **natural remedies** including **vitamins, minerals, nutrients etc**
- Go out in the **sun**, take some **fresh air** and do **breathing & physical exercises**.
- **Start cooking yourself**.
- If you have a garden, **start planting** your own **Organic crops** so you are **less dependent** on the **system** who want to **control** all **food supplies** and **toxify** them with **pesticides & GMOs**.

**I recommend** the following **book** [\[22.1\]](#). You will **know your body's mechanism** inside out. It is **available** for **free** as a **PDF** and will **change** your **perspective** on **health**.

### 7) Detach yourself from your phone, social media and other technology.

- **Do not sleep next** to your **phone**. Put it on **aeroplane mode** when **you're not using it**.
- **Avoid placing** your **phone near your head**, start **calling** with **wired earphones**.
- **Minimize** your **involvement** with **social media**; you will **start** to **progress more**.

**PDF** [\[22.2\]](#): **10 best ways** to **prevent** and **reverse EMF damage**. How to **protect yourself** from **5G** and **radiation**: [\[22.3\]](#) [\[22.4\]](#) [\[22.5\]](#). **Book** [\[22.6\]](#): on how to **heal body** after **radiation exposure** etc.

### 8) Become self disciplined ~ Raise your vibration

- **Destroy all negative energy within you** because **that's what they want**. (Fear, Depression, Anxiety, Paranoia, Stress...)
- **Meditate**. Become **psychically prepared**, make **wise decisions** and **ignore** the **pathetic drama**.
- Read **Non-Fiction Books** to **expand your awareness** and **raise consciousness**

If you are consumed by **low vibrating emotions**, you will **attract just that**. Your **thoughts** are **energy**; they will **attract** the **same energy** - **Manifestation of Reality**. You'd be surprised by the **power of our universe's energies and vibrations**. Remain **positive**; **find your path** because it's going to be a **journey** with **many twists and turns**. I strongly recommend reading the **books** in the '**book section**' of: [\[20.7\]](#)

### 9) Buy precious assets and metals if you can ~ Cash is depreciating in value.

### **Choose liberty over tyranny**

The system has **conditioned** you to think that **intelligence** is being able to pass **exams**. Many will **reject** what is exposed in this document **before** having **laid eyes** on it. Many are little more than **software programs**, **manipulated** by the **system's conditioning**, the same way **computer software** is **manipulated** by **coding**. But it's **never too late**, we can **change the coding**, we can **guide others** and **contribute** towards a **paradigm shift** and the **beauty of unity**. **Intelligence** and **wisdom** is **not the same thing**.

You **need** to **play your part** in the **mass awakening**. **Standing up by yourself** is **difficult** but you **must take initiation according to your free will**. You **must** become **independent**. With **your input** people can wake up.

The **Elite** have **money** and **influence** but we have the **Will Power**. They **only have control** and **power if** our **awareness is locked in their cage**. Once we **break free** from that **cage** and put our **foot on the ground** - **We Can Make a Change!**

It's **time** to put our **differences** to the **side**, **overlook political, cultural, religious, sexual** and **racial segregation** and **unite** because this is a **fight for freedom whether you acknowledge it or not**. I have **accepted** that many will **choose not to listen** but you **must always try** and **show them a path!** There will **potentially** be a **split** in the **population** of those who **appreciate true freedom** and those who are **trapped** in the **system's illusions**.

**Never think** that it's **hopeless** and that **you're powerless**, that's the **exact mindset** that will **infringe our free wills!** That's what you call a **hopeless mentality**, **not the other way round**. Even if you **think** we **cannot make a change** overall **does not mean you can't change the lives of individuals!** Just because **you think** you **can't win**, you're just going to **give up** and **accept tyranny?**

**Never underestimate your potential** and **power of unity!** Once you **enlighten** one person, it can lead to them **enlightening** three more and so on like a **chain reaction**. Like the **roots expanding from a single seed**.

It's **Now or Never**, **agenda 2030** is only a **decade away**. I **don't want** to **raise my children** in the **world described** in this **document**.

**Share** this **report**, **encourage people to read it**, **educate them**, **motivate them**, guide **them** and **wake them up** instead of **clapping** for the **NHS**. If **only 1 in 10 people wake up**, they'll have **extreme difficulties**. [Click here for inspiration](#).

## **POSITIVE SIDE TO THIS CRISIS**

There is ***always*** a ***balance***, a ***yin*** and a ***yang***. ***Lies*** are being ***forced*** upon us, many are being ***brainwashed*** and I ***do not blame them*** but ***some are starting to realize*** that ***something is extremely wrong***. It is the ***perfect time*** for a ***shift in consciousness***, a ***counter-attack***. People are at home all day, many will be ***willing*** to ***read and research*** but ***they need to be guided***. Be the one to ***give them*** such an ***opportunity***.

Personally, this ***lockdown*** has amplified my purpose in ***being*** of ***Service To Others***. My own friends say that what I am doing is ***useless***, that I ***can't change*** the ***world***, and that the ***system*** has ***too much power***. Many say it's a ***realistic mindset*** but I say it's a ***feeble one***. All I know is ***I am not giving up my free will without a form of resistance***. ***Anything is possible*** but you ***can't give up before trying***. Maybe I ***won't be able to change the world*** as ***many will choose not to listen***, ***who knows?*** However, I am ***certain*** that ***I will be able to change the lives of a few individuals*** and ***that's all that matters***. Helping them to ***navigate through knowledge*** and ***reflect*** upon ***new information*** will ***create*** an ***opportunity To Learn, To Seek and To Progress***.

I agree that there is ***more valuable knowledge out there*** in terms of ***our spiritual growth***, ***our oneness***, ***our energies***, ***our souls***, ***our chakras***, ***densities*** and the ***esoteric universe***. However, many are ***not ready*** for ***such knowledge*** because they have been ***conditioned*** to think that it's ***nonsense***. We must therefore ***break*** the ***systems' trust*** and ***beliefs*** that have been ***imposed upon society***. How are we meant to ***explore*** the ***beautiful aspects*** of our ***world*** if we are being ***monitored*** and ***suppressed*** like ***chickens*** in ***cages?***

You ***must face the reality*** of what is currently ***happening***, ***reclaim your power*** and ***take back your freedom***. This ***document*** is a ***starting point*** to ***guide you onto a path***, to ***start questioning everything*** you have ***been told***, to ***become prepared*** for ***what is to come*** and ***make wiser decisions in life***. ***Only then*** will you ***start accepting new ideas*** and ***finding your true paths*** and ***not the system's***.

I am ***simply passing*** on the ***knowledge*** that I have gathered, whether ***you believe it*** or ***not*** is ***your choice***. ***You will do what you will do***, it is your ***free will***, and ***no one can change that***. We live in a ***Service to Self society*** where people ***suffer*** from a ***self centred perspective***. We ***must progress***, ***starting*** from ***within***, with the ***soul***, and ***detach ourselves*** from our ***egoistic self***. There are many ***beautiful energetic aspects*** to our ***lives and the universe*** and we are ***yet*** to ***cultivate them*** to their ***true potential***.

***Knowledge is Power*** and it ***changes the frequency*** at which ***you resonate***.  
***Wisdom*** is what we are in ***need*** of, ***not intelligence***.

## **ENERGETIC ANALYSIS**

***For those who are at an advanced level of understanding of our universe and the world we live in.***

You can compare this **PRS Event** to **911**. During **911**, the emission of **negative energy and Low Frequencies: Fear, Sorrow, Depression, Shock, Hate, Anxiety, Paranoia, Stress** etc led to a **huge spike in Earth's magnetic field** [\[23.1\]](#) in the **magnetometer readings** [\[23.2\]](#) [\[23.3\]](#) of the **Geostationary Operational Environmental Satellite**. **Everything is energy**, our body, our mind, our thoughts, our emotions, nature, everything. Everything in its base form is **waveforms** and **frequencies** which our **brain decodes** and **perceives** as a **3D holographic reality**. Our **energies (actions, thoughts, intent and emotions)** **affect** our **surroundings**, and the **earth's fields**. Many say **you are what you eat** or you become **those who you surround yourself with** because your **energy constantly interacts** with its surroundings which **influence your vibrations**, hence why you say **I got good vibes**.

**Earth** is a **3rd density planet**. **Reality** itself is made up of **7 densities**. **Rocks and minerals** are **1<sup>st</sup> density**, **animals and plants** are **2<sup>nd</sup> density**, we **humans** are **3<sup>rd</sup> density beings**. **4th, 5th, 6th & 7th density** are **esoteric** and **beyond our level of awareness**. Our **reality** is in a **very narrow band of frequencies**; our **brains** can **only decode 0.05%** of **all frequencies** within the **EM spectrum**. **Think of it like a radio, there are different channels at different bands of frequency**, just because you are **listening to BBC 1**, and not listening to other radio stations, **it does not mean they don't not exist simultaneously**, this is a very **basic analogy**.

We have **7 principal chakras** and once we **harness** their **true potential** by **activating** and **balancing them**, we can **tune ourselves** into a **band of frequencies beyond** the one we are **experiencing**. This isn't taught by our **system** because people would **start seeing through the veil** and **understand the energetic phenomena** and **secrets of our universe**. In **4th density upwards**, we are **all connected consciously**; you become part of a **social memory complex**. There are **two types of social memory complexes** from **4th to 6th density**: The **Service to Self** who seek to **infringe the free will of others** for their **own benefit** and The **Service to Others** who **respect the free will of others** and **thrive in unity**.

**Earth is a Service to Self planet**, whether you **acknowledge it or not**, practically **every single person** on **Earth** is of a **Service to Self nature**, **they are in it for themselves**. It's hard not to be when our **system** and **society** has **conditioned us to be that way**. **Very few are potential candidates** of truly **being 'Service to Others'**.

**Food** is made up of **frequencies** but we are simply **unable to perceive it that way**. **Animals** are **2nd density beings** whose **level of awareness** is **inferior to ours**. A majority of **us humans take advantage of them** as we **see ourselves superior**. **Think of meat**. **What does it represent? Fear, slaughter, and negativity etc particularly** for the **industrial meat available** to us. You are **essentially** consuming **low vibrations** and **negative energy**.

**Who benefits from the mass amount of negative energy that is constantly being emitted? Are the Elite at the top of the pyramidal hierarchy? Why are wars being fought every day? Why is there so much effort being made to make humanity suffer? Why do they want control so bad?**

**Think** of how higher density **Service to Self beings** **see us**. The same way many of us see animals, they **see us** as **inferior** due to our **very limited level of awareness** in comparison. They **feed and thrive off our negative energy**. The **Elite** are **only** at the **top** of the **chain within** our **3rd density realm** but in **actuality**, they're simply **pawns** to these **higher**

**density Service to Self social memory complexes. 911** had many **agendas** in **changing** the **world drastically** but it was also a **huge sudden burst** of **energy**.

Similar to our **meat industry**, **farmers** and **corporations** want to **control** and **monitor** their chickens, their pigs, their cows etc. **Factory farms pump** their **animals** with **hormones** and **antibiotics** so that they become **bigger** and **produce more**. They **entrap** their **animals** in small confined areas and impose **power over them**, **infringing** their **free wills**. The **same** is **being done to us** with different tools but on a **different scale** using **vaccines** and **biometric systems** operated by **AI** and **AGI** via **5G etc**. They want to **deteriorate** our **cognitive** and **cosmic potential** which have **capabilities** that go **beyond our imagination**. They want to **monitor us**, **control us**, and **manipulate us** for their **own purpose**. **Infringe our free will** for their own **greed** and **benefit**; this is what makes them **Service to self**.

There is **no right or wrong**, it's completely **subjective** and **dependent** on **one's perspective**. From **their view**, they are **doing** what they **feel to be right** in order to **feel empowered**, to **increase** their **STS polarity**. **What** makes you **think you are any better**? Do you think of how a **chicken felt** when it was **trapped** in a **cage** most of its life **before landing** on **your plate**? **What** makes you **think** they care how it **affects us emotionally, mentally, physically and spiritually**? I **don't want you** to **feel disempowered** because **we hold** the **true power** but **many** are **yet to realise this**. Our **free wills** can **only** be **infringed** if we **acquiesce** and **live in oblivion**. However, we absolutely **must expand our awareness** and **realise what's at stake**.

**Earth is very slowly starting to shift towards 4th density** but this will take a **very long time**. This is an **opportunity** for a **mass awakening** because people are **more susceptible to higher frequencies** and **cosmic energy**. **Many won't be able** to cope with this **shift** because they're **vibrating** at **low frequencies** and are **trapped** in the **system's illusions**.

People **believe** that the **end game** for the **Elite is money but No**, they simply **use money** as means of attaining **power, domination and control**, and they **don't** want us to **thrive together**. This is exactly what's **currently happening**; we are in the **stepping stones** of living in an '**Orwellian Brave New World**'. This **can be turned around but** we **must all contribute** and **make people realise the gravity**. You can be **certain** things will **never go back to what** you **once knew** to be **normal unless** you **take initiation**, **do** what you **feel** to be **right, regardless of others**.

We can **only try** to **resist** and **help** those who **surround us**, **never give up** or **be afraid**, even if you **can't change the world**, you will **always** be **able** to **guide someone** onto a **certain path** and **change** that **soul's life** while it is **incarnate** in this **realm**, that's what's **important**.

**4th Density technology**, it goes **beyond** your **comprehension** and **level** of **awareness**. Try **teaching** a **dog algebra**; see how **far** it **gets you**. These **STS** beings **always want more**; they will **always try** to **infringe** the **free will** of **others**. **I will** certainly **not let them infringe mine**, No matter how much **blackmail** they **use** to **vaccinate** and **microchip me**, I will **not break**, **I do** what I **know is right**. There are **others like me** and **hopefully more** will **realise**. This is why **I think** there is a **high probability** that **civilization** will **split into two**, those who simply **won't acquiesce** to their **own tyranny** and those who are still **fast asleep**.

**You must** choose your polarity, do you want to be of **Service to Self** or do you want to be of **Service of others**? **Question every action** you take, **every decision** you make, **every reaction** you have. Are you **doing** it for your **egoistic self** and **infringing** the **free will** of **others**? Once you have done this, **stick to your path**, make your **contribution**, and **connect** with the **universe** and **progress** in **unity**. **Respect** the **universal Law: The Law of**

**One. Align** and **balance** your **thoughts**, **chakras** and your **inner self** so that when you **Die/Born** you can **elevate** your **consciousness** to **4th density** to a **state** of **pure expanded awareness** and **continue their journey** on a **higher density**. Most people will be **reincarnated** into **3rd density** which is the **density of confusion** where one **forgets the truth** and must **make** certain **choices** and **find** his or her **path again**. So use **every experience** you are blessed with as a **catalyst** to **progress** as a **human being**.

The **Truth** is **always sandwiched** in **lies** to **make it** more **believable**.

If you are **curious** and **intrigued** by this section and want to **acquire spiritual knowledge** and **wisdom**, you **must** start **reading certain books**. In document [\[22.1\]](#) I have mentioned certain books and more are to be added. You **must read** them **in order** otherwise; you will have **difficulties understanding** certain **concepts** etc. If you **try** to **skip directly** to **book #3** with **no prior knowledge**, I **doubt** it will **resonate with you**. The rest is **up to you**. I hope you've had a **paradigm shift** and that you start **spreading the truth**.

If you **understood** this section about **densities**, **STO** and **STS...** then I assume you **believe in channelling**. You are therefore **ready** to **read** the **following** [\[23.3\]](#) [\[23.4\]](#) and understand the **truth** and **energetic aspect** of what's going on.

### **Symbolism**

The new **£20 notes** were issued a month before the **lockdown** and **during** the roll out of **5G**. Have you seen the **symbolism**? The **Radio Tower** which represents **5G Towers** and the **virus symbol** above which represents **Covid-19**? Same goes for **dollar notes** which have the **illuminati symbol** at the **top** of the **pyramid**.

**Patent 20200 6 06 06** - I'll you decide yourself if they got **060606** deliberately. They have been working toward this for a **very long time, everything was ready**.

### **US H.R. 6666**

**Why** would they **do that**?

See **symbolism** acts on the **subconscious mind** which is constantly **exposed** to such **symbolism**. It is an **act** of **power** which **subliminally** tells you that **they are in power** and **you are under their control**.

If you are interested in **Symbolism** and want to broaden your understanding, you should watch: [\[23.5\]](#)
